DESCRIPTION OF THE TRANSACTIONS

On October 28, 1995, The E.W. Scripps Company ("Scripps") and Comcast Corporation ("Comcast") reached an agreement pursuant to which Scripps will contribute all of its non-cable television assets to Scripps Howard, Inc. ("SHI" - a wholly-owned subsidiary of Scripps and the direct or indirect parent of all of Scripps' operations) and SHI's cable television system subsidiaries ("Scripps Cable") will be transferred to and held directly by Scripps. Scripps Cable will then be acquired by Comcast through a tax-free merger (the "Merger") with Scripps. The remaining SHI business will continue as "New Scripps", which will be distributed in a tax-free "spin-off" to Scripps shareholders (the "Spin-Off") and thereafter renamed The E.W. Scripps Company. As a condition of the Merger Scripps has agreed to retire or defease its \$61 million aggregate principal amount 7.375% notes due in 1998 ("Defeasance"). The Merger, Spin-off and Defeasance are collectively referred to as the "Transactions." Upon completion of the Transactions the separate existence of Scripps will cease.

The total value in Comcast shares that Scripps shareholders are expected to receive is \$1.575 billion, subject to certain closing adjustments. Scripps shareholders will also receive one New Scripps Common Voting Share for each share of Scripps Common Voting Stock held and one New Scripps Class A Common Share for each share of Scripps Class A Common Stock held.

Scripps' historical basis in its assets and liabilities will be carried over to New Scripps. The transactions will be recorded as a reverse-spin transaction, accordingly New Scripps' results of operations for periods prior to the consummation of the Transactions will represent the historical results previously reported by Scripps. Because Scripps Cable represents an entire business segment that will be divested, its results will be reported as "discontinued operations" for all periods presented. Results of the remaining business segments, including results for divested operating units within these segments through their dates of sale, will be reported as "continuing operations." Management of New Scripps intends to maintain the dividend payment policy of Scripps. Future dividends will be subject to New Scripps' earnings, financial condition, and capital requirements.

The closing date of the Transactions is expected to be in the latter part of 1996, subject to regulatory approvals and certain other conditions. Controlling shareholders in Scripps and Comcast have agreed to vote in favor of the Merger. Upon completion of the Transactions New Scripps expects to record a gain of approximately \$1.2 billion and a distribution to shareholders of approximately \$1.58 billion.

LITIGATION REGARDING THE TRANSACTIONS

On October 30, 1995, three purported class actions on behalf of Scripps stockholders were filed in the Court of Chancery, New Castle County, State of Delaware with respect to the proposed transactions: Steven J. Gutter v. Daniel J. Meyer, et al., Case No. 14650; David Shaev v. Lawrence A. Leser, et al., Case No. 14653 and Jack Shanfield v. Lawrence A. Leser, et al., Case No. 14655. These actions are expected to be consolidated and are collectively referred to herein as the "Stockholders' Litigation".

The Scripps Stockholders' Litigation challenges the terms of the proposed transactions by Scripps and certain of its directors. The Scripps Stockholders' Litigation alleges that the defendants breached their fiduciary duties to the stockholders of Scripps with respect to the proposed transactions because they failed to obtain the best price for the disposition of the cable assets and have failed to maximize shareholder value. The Scripps Stockholders' Litigation further claims, among other things, that the defendants breached their fiduciary duties to the Scripps stockholders by entering into the transactions to benefit The Scripps Trust and Scripps family members contrary to the best interests of the other stockholders of Scripps.

The Scripps Stockholders' Litigation seeks to have the Merger enjoined or, if the Merger is consummated, to have it rescinded and to recover unspecified amounts of damages, fees, and expenses. In addition, the actions seek an order to have a Scripps stockholders' committee consisting of purported class members to participate in the review of any transaction relating to the disposition of the Scripps cable television business.

The defendants named in the Scripps Stockholders' Litigation deny the material allegations asserted against them. It is the defendants' intention to defend vigorously the Scripps Stockholders' Litigation. Defendants are unable to evaluate the likelihood of the outcome, favorable or unfavorable, or to estimate the amount or range of potential loss, if any.

DESCRIPTION OF SCRIPPS AND NEW SCRIPPS

BUSINESS

If the Transactions are consummated, the newspaper, broadcasting and entertainment businesses of Scripps will continue to be operated by New Scripps, which is a wholly owned subsidiary of Scripps and the direct or indirect parent of all of Scripps' newspaper, broadcasting and entertainment businesses. Accordingly, the discussions set forth below of the Scripps newspaper, broadcasting and entertainment business also serves as a discussion of the New Scripps businesses.

Scripps publishes daily newspapers in fifteen markets, operates local television stations in nine markets, and its entertainment division primarily produces television programming and licenses comic characters.

Newspapers

General - Scripps publishes daily newspapers in fifteen markets. From its Washington bureau Scripps operates the Scripps Howard News Service, a supplemental wire service covering stories in the capital, other parts of the United States, and abroad.

Scripps acquired or divested the following newspaper operations between January 1, 1990 and September 30, 1995:

1995 - Divested the Watsonville, California, daily newspaper.

1993 - Acquired the remaining 2.7% minority interest in the Knoxville News-Sentinel. Divested the Tulare, California, and San Juan, Puerto Rico newspapers.

1992 - Acquired three daily newspapers in California (including The Monterey County Herald in connection with the sale of The Pittsburgh Press). Divested The Pittsburgh Press.

Revenues - The composition of Scripps's newspaper operating revenues for the nine months ended September 30, 1995 and 1994 and for the most recent five years is as follows:

Scripps's newspaper operating revenues are derived primarily from advertising and circulation. Advertising rates and revenues vary among Scripps's newspapers depending on circulation, type of advertising, local market conditions, and competition. Advertising revenues are derived from run-of-paper ("ROP") advertisements included with news stories in the body of the newspaper and from preprinted advertisements that are generally produced by advertisers and inserted into the newspaper.

ROP is further broken down among "local," "classified," and "national" advertising. Local refers to advertising that is not in the classified advertising section and is purchased by in-market advertisers. Classified refers to advertising in the section of the newspaper that is grouped by type of advertising, e.g., automotive and help wanted. National refers to advertising purchased by businesses that operate beyond the local market and purchase advertising from many newspapers, primarily through advertising agencies. ROP advertisements are generally more profitable to Scripps than preprinted advertisements.

Advertising revenues vary through the year, with the first and third quarters generally having lower revenues than the second and fourth quarters. Advertising rates and volume are highest on Sundays, primarily because circulation and readership is greatest on Sundays.

(1) Based on Audit Bureau of Circulation Publisher's Statements ("Statements") for the six-month periods ending September 30, except figures for the Naples Daily News and the Stuart News which are from the Statements for the twelve-month periods ending September 30.

(2) This newspaper is published under a JOA with another newspaper in its market. See "Joint Operating Agencies."

(3) Will move to evening distribution in 2000.

(4) Ventura County edition moved from evening to morning distribution in March 1990. Thousand Oaks and Simi Valley editions moved to morning distribution in January 1995. (see (7)).

(5) Acquired in 1992.

(6) Includes circulation of The Kentucky Post.

(7) Prior year amounts have been restated. Ventura County, Thousand Oaks, and Simi Valley Star are now reported as separate editions of a single newspaper.

Joint operating agency distributions represent Scripps' share of profits of newspapers managed by the other party to a joint operating agency (see "Joint Operating Agencies"). Other newspaper operating revenues include commercial printing.

Joint Operating Agencies - Scripps is currently a party to newspaper joint operating agencies ("JOAs") in five markets. A JOA combines all but the editorial operations of two competing newspapers in a market in order to reduce aggregate expenses and take advantage of economies of scale, thereby allowing the continuing operation of both newspapers in that market. The Newspaper Preservation Act of 1970 ("NPA") provides a limited exemption from anti-trust laws, generally permitting the continuance of JOAs in existence prior to the enactment of the NPA and the formation, under certain circumstances, of new JOAs between newspapers. Except for Scripps' JOA in Cincinnati, all of Scripps' JOAs were entered into prior to the enactment of the NPA. From time to time the legality of pre-NPA JOAs has been challenged on anti-trust grounds but no such challenge has yet succeeded in the courts.

JOA revenues less JOA expenses, as defined in each JOA, equals JOA profits, which are split between the parties to the JOA. In each case JOA expenses exclude editorial expenses. Scripps manages the JOA in Evansville and receives approximately 80% of JOA profits. Each of the other four JOAs are managed by the other party to the JOA. Scripps receives approximately 20% to 40% of JOA profits for those JOAs.

The table below provides certain information about Scripps' JOAs.

| Newspaper | Publisher of of Other Newspaper | Year JOA Entered Into | Year of JOA Expiration |
|-----------------------------|------------------------------------|-----------------------------|------------------------------|
| Managed by Scripps: | | | |
| The Evansville Courier | Hartmann Publications | 1938 | 1998 |
| Managed by Other Publisher: | | | |
| The Albuquerque Tribune | Journal Publishing Company | 1933 | 2022 |
| Birmingham Post-Herald | Newhouse Newspapers | 1950 | 2015 |
| The Cincinnati Post | Gannett Newspapers | 1977 | 2007 |
| El Paso Herald Post | Gannett Newspapers | 1936 | 2015 |

The JOAs generally provide for automatic renewal terms of ten years unless an advance notice of termination ranging from two to five years is given by either party. Scripps has notified Hartmann Publications of its intent to terminate the Evansville JOA.

Competition - Scripps' newspapers compete for advertising revenues primarily with other local media, including other local newspapers, television and radio stations, and direct mail. Competition for advertising revenues is based upon audience size and demographics, price, and effectiveness. Newspapers compete with all other information and entertainment media for consumers' discretionary time.

All of Scripps' newspaper markets are highly competitive, particularly Denver, the largest market in which Scripps publishes a newspaper.

Newspaper Production - Scripps' daily newspapers are printed using offset or flexographic presses and use computer systems for writing, editing, and composing and producing the advertising and news material printed in each edition.

Raw Materials and Labor Costs - Scripps consumed approximately 142,000 metric tons of newsprint for the nine months ended September 30, 1995, a 4% decrease from the same period in 1994. Scripps purchases newsprint from various suppliers, many of which are Canadian. Management believes that Scripps' sources of supply of newsprint are adequate for its anticipated needs. Newsprint prices have risen dramatically in 1994 and 1995. As a result newsprint costs accounted for approximately 22% of Scripps' newspaper operating expenses for the nine months ended September 30, 1995, as compared to 18% in the same period of 1994.

Labor costs accounted for approximately 43% of Scripps' newspaper operating expenses in 1995. A substantial number of Scripps' newspaper employees are represented by labor unions. See "Employees."

Broadcast Television

General - Scripps' television operations consist of nine network-affiliated television stations. Scripps acquired or divested the following broadcast operations between January 1, 1990 and September 30, 1995:

1993 - Divested radio stations and Memphis television station.

1991 - Acquired Baltimore television station WMAR.

Revenues - The composition of Scripps' broadcasting operating revenues for the nine months ended September 30, 1995 and 1994 and for the most recent five years is as follows:

Scripps' television operating revenues are derived primarily from the sale of time to businesses for commercial messages that appear during entertainment and news programming. Local advertising refers to time purchased by local businesses; national refers to regional and national businesses; political refers to campaigns for elective office.

The first and third quarters of each year generally have lower advertising revenues than the second and fourth quarters, due in part to higher retail advertising during the holiday seasons and political advertising in election years. Advertising rates are based primarily upon the size and demographics of the audience for each program.

All market and audience data is based on November A.C. Nielsen Company survey, except for 1995 which is based on the May survey.

- (1) Rank of Market represents the relative size of the television market in the United States.
- (2) Represents the number of television households tuned to a specific station Sign-On/Sign-Off, Sunday - Saturday, as a percentage of total viewing households in Area of Dominant Influence.
- (3) Stations in Market does not include public broadcasting stations, satellite stations, or translators which rebroadcast signals from distant stations. Station Rank in Market is based on Average Audience Share as described in (2).
- (4) Scripps filed an application for renewal of the FCC license on June 1, 1993 for a term to expire in 1998. Petitions to deny or revoke this license are pending.
- (5) Station purchased May 30, 1991.
- (6) Prior to January 1995 WFTS and KNXV were FOX affiliates and WMAR was a NBC affiliate; prior to September 1994 KSHB was a FOX affiliate.
- (7) Affiliation will change to ABC in June 1996. The ABC affiliation agreement has a term of ten years.

Competition - Scripps' television stations compete for advertising revenues primarily with other local media, including other television stations, radio stations, newspapers, and direct mail. Competition for advertising revenues is based upon audience size and demographics, price, and effectiveness. Television stations compete for consumers' discretionary time with all other information and entertainment media. Continuing technological advances will improve the capability of alternative service providers such as traditional cable, "wireless" cable, and direct broadcast satellite television to offer video services in competition with terrestrial broadcasting. The degree of competition from such service providers and from local telephone companies which are pursuing efforts to enter this market is expected to increase. Scripps intends to undertake upgrades in its services as may be permitted by the FCC to maintain its competitive posture, and such facility upgrades may require large capital investments. Technological advances in interactive media services will increase these competitive pressures.

Network Affiliation and Programming - Scripps' television stations are affiliated with national television networks. The networks offer a variety of programs to affiliated stations, which have the right of first refusal before such programming may be offered to other television stations in the same market. Networks compensate affiliated stations for carrying network programming.

In addition to network programs, Scripps' television stations broadcast locally produced programs, syndicated programs, sports events, movies, and public service programs. News is the focus of Scripps' locally produced programming. Advertising during local news programs accounts for more than 30% of a station's revenues.

Federal Regulation of Broadcasting - Television broadcasting is subject to the jurisdiction of the Federal Communications Commission ("FCC") pursuant to the Communications Act of 1934, as amended ("Communications Act"). The Communications Act prohibits the operation of television broadcasting stations except in accordance with a license issued by the FCC and empowers the FCC to revoke, modify, and renew broadcasting licenses, approve the transfer of control of any corporation holding such licenses, determine the location of stations, regulate the equipment used by stations, and adopt and enforce necessary regulations.

Television broadcast licenses are granted for a maximum of five years, and are renewable upon application. Application for renewal of the license for Scripps' Phoenix station was filed in 1993 and is still pending. A petition to deny this renewal application, raising Equal Employment Opportunity issues, has been filed by the League of United Latin American Citizens ("LULAC") and is still pending. While there can be no assurance regarding the outcome of this petition, Scripps has never had a license revoked, has never been denied a renewal, and all previous renewals have been for the maximum term.

FCC regulations govern the multiple ownership of television stations and other media. Under the multiple ownership rule, a license for a television station will generally not be granted or renewed if (i) the applicant already owns, operates, or controls a television station serving substantially the same area, or (ii) the grant of the license would result in the applicant's owning, operating, or controlling, or having an interest in, more than twelve television stations or in television stations whose total national audience reach exceeds 25% of all television households. FCC rules also generally prohibit "cross-ownership" of a television station and daily newspaper or cable television system in the same service area. Scripps' television station and daily newspaper in Cincinnati were owned by Scripps at the time the cross-ownership rules were enacted and enjoy "grandfathered" status. These properties would become subject to the cross-ownership rules upon their sale. The FCC and Congress are actively considering some relaxation of these ownership restrictions.

Under the Cable Television Consumer Protection and Competition Act of 1992 ("1992 Act"), each television broadcast station gained "must-carry" rights on any cable system defined as "local" with respect to that station. Stations may waive their must-carry rights and instead negotiate retransmission consent agreements with local cable companies. Scripps' stations have generally elected to negotiate retransmission consent agreements with cable companies.

Management believes Scripps is in substantial compliance with all applicable regulatory requirements.

Entertainment

General - Scripps' Entertainment segment includes United Media, a licensor and syndicator of news features and comics, Home & Garden Television ("HGTV"), Scripps Howard Productions ("SHP"), Cinetel Productions ("Cinetel"), an independent producer of cable television programming, and Scripps' equity interests in The Television Food Network and SportSouth, both cable television networks.

HGTV was launched on December 30, 1994. Cinetel was acquired on March 31, 1994. SHP began operations in 1993 and began selling programs in 1995.

Revenues - The composition of Scripps' entertainment revenues for the nine months ended September 30, 1995 and 1994 and for the most recent five years is as follows:

(in thousands)

| | For the nine months ended September 30, | | | | For the years ended December 31, | | |
|----------------------------------------|-----------------------------------------|-----------|-----------|-----------|----------------------------------|-----------|-----------|
| | 1995 | 1994 | 1994 | 1993 | 1992 | 1991 | 1990 |
| Licensing | \$ 38,682 | \$ 38,054 | \$ 49,236 | \$ 55,083 | \$ 57,136 | \$ 62,167 | \$ 63,127 |

| Film and television production | 8,921 | 4,422 | 5,725 | 10,757 | 11,060 | 9,617 | 7,896 |
| Other | 7,748 | 322 | 514 | 87 | | | |
| Total entertainment operating revenues | \$ 68,964 | \$ 56,343 | \$ 73,473 | \$ 84,741 | \$ 87,209 | \$ 91,611 | \$ 91,712 |

Scripps, under the trade name United Media, is a leading distributor of news columns, comics, and other features for the newspaper industry. Included among these features is "Peanuts", one of the most successful strips in the history of comic art. United Media sold its worldwide "Garfield" and "US Acres" copyrights in 1994. Film and television production revenues prior to 1994 were primarily related to "Garfield" television programming.

United Media owns and licenses worldwide copyrights relating to "Peanuts" and other character properties for use on numerous products, including plush toys, greeting cards, and apparel, for promotional purposes, and for exhibit on television, video cassettes, and other media. Merchandise, literary, and exhibition licensing revenues are generally a negotiated percentage of the licensee's sales. Scripps generally receives a fixed fee for the use of its copyrights for promotional and advertising purposes. More than half of the licensing revenues are from markets outside the United States. Scripps generally pays a percentage of gross syndication and licensing royalties to the creators of these properties.

HGTV features 24 hours of daily programming focusing on home repair and remodeling, gardening, decorating, and home electronics. While most of the programming is transmitted by HGTV, affiliated local television stations throughout the United States may insert local programming and advertisements in certain time periods. The subscriber base has been established through a collaboration of local television stations (one per market) and cable television systems. Several of the largest cable television system operators have entered into agreements to carry the new network in exchange for permission to carry the signals of local television stations affiliated with HGTV.

Scripps expects to invest an additional \$45,000,000 in HGTV over the next three years, including capital expenditures and pre-tax operating losses.

HGTV revenues are derived from the sale of advertising time and from fees received from cable television and other distribution systems that carry the network. Such license fees are generally based on the number of subscribers who can receive HGTV.

HGTV programming is transmitted via satellite to cable television systems. The HGTV audience includes satellite dish owners, who can view HGTV programming without paying a fee.

Scripps established SHP to acquire, create, develop, produce, and own programming product for domestic and international television, including prime-time series for network and first-run syndication, movies, and miniseries for network, cable, and pay cable television broadcast, along with news, information, and entertainment services for the emerging multimedia marketplace. Cinetel produces programs for cable television, such as Club Dance at the Whitehorse Cafe and Shadetree Mechanic.

Scripps' film and television program production revenues are derived from the licensing of programming to broadcast and cable television networks, the fees for which are negotiated with the networks. License fees are recognized as revenue when the programs are available for broadcast. The success of Scripps' programs is dependent upon public taste, which is unpredictable and subject to change. Consequently, operating revenues are subject to substantial fluctuations.

Programs are developed and produced internally and in collaboration with a number of independent writers, producers and creative teams under production arrangements. SHP generally licenses a program prior to commencing production. The initial license fee generally covers the cost of production. SHP retains the distribution rights for foreign, syndicated television, cable television, and home video markets.

Competition - Scripps' syndication operations compete for a limited amount of newspaper space with other distributors of news columns, comics, and other features. Competition is primarily based on price and popularity of the features. Popularity of licensed characters is a primary factor in obtaining and renewing merchandise and promotional licenses.

Scripps' program and production operations compete with all forms of entertainment. In addition to competing for market share with other entertainment companies, Scripps competes to obtain creative talents, story properties, advertiser support and broadcast rights. A significant number of other companies produce and/or distribute programs and provide programming to cable television and other system operators. Competition is primarily based on price, quality of the programming, and public taste.

Employees

As of September 30, 1995 Scripps had approximately 6,700 full-time employees, of whom approximately 4,800 were engaged in newspapers, 1,500 in broadcasting, and 350 in entertainment. Various labor unions represent approximately 1,900 employees, primarily in newspapers. Collective bargaining agreements covering approximately 50% of union-represented employees are being negotiated currently or will be negotiated in 1996. Except for work stoppages at The Pittsburgh Press, which was sold in 1992, Scripps has not experienced any work stoppages since March 1985. Scripps considers its relationship with employees to be generally satisfactory.

PROPERTIES

The properties used in Scripps' newspaper operations generally include business and editorial offices and printing plants.

Scripps' television operations require offices and studios and other real property for towers upon which broadcasting transmitters and antenna equipment are located. Increased capital expenditures in 1994 and 1995 are associated with more local news programming, primarily, in Kansas City, Phoenix, and Tampa. Ongoing advances in the technology for delivering video signals to the home, such as "high definition television," may, in the future, require a high level of capital expenditures in order to maintain competitive position.

Scripps' entertainment operations require offices and studios and other real and personal property to deliver programming product. HGTV and Cinetel operate from an 80,000 square-foot production facility in Knoxville.

Management believes Scripps' present facilities are generally well-maintained and are sufficient to serve its present needs.

LEGAL PROCEEDINGS

Scripps is involved in litigation arising in the ordinary course of business, such as defamation actions and various governmental and administrative proceedings relating to, among other things, renewal of broadcast licenses, none of which is expected to result in material loss.

(5) Mr. Paul K. Scripps serves as a director of the Company pursuant to an agreement between the Scripps Trust and John P. Scripps. See "Certain Transactions--John P. Scripps Newspapers."

(6) Mr. Robert P. Scripps is a Trustee of the Scripps Trust and the brother of Charles E. Scripps.

Committees. The Scripps Board has, and after the Spin-Off the New Scripps Board will have, an Executive Committee, an Audit Committee and a Compensation Committee. The functions of each of these committees are described and the members of each are listed below.

Charles E. Scripps, Lawrence A. Leser and John H. Burlingame are the members of the Executive Committee. The Executive Committee exercises all of the powers of the Board in the management of corporate business and affairs between Board meetings, except the power to fill vacancies on the Board or its committees.

Daniel J. Meyer, Nicholas B. Paumgarten and David R. Huhn are the members of the Audit Committee, which nominates the independent auditors each year, reviews the audit plans of both the internal and independent auditors, evaluates the adequacy of and monitors compliance with corporate accounting policies, and reviews the annual financial statements. The internal and independent auditors have unrestricted access to the Audit Committee.

Charles E. Scripps, Daniel J. Meyer and David R. Huhn are the members of the Compensation Committee, which establishes overall compensation policy, determines compensation of senior management and administers the Scripps Incentive Plan (as defined).

Compensation of Directors. Each director elected by the holders of Scripps Class A Common Stock receives an annual fee of \$22,000, and an additional \$2,000 for each meeting that he attends of the Scripps Board or a committee thereof on which he serves. Additionally, for each committee of which he is chairman, such director receives an annual fee of \$3,000. Directors elected by the holders of Scripps Common Voting Stock, with the exception of Charles E. Scripps, do not receive any compensation for services as directors or committee members. Charles E. Scripps receives a fee for such services at the annual rate of \$50,000, but does not receive any additional fees for his attendance at Scripps Board or Committee meetings. It is expected that New Scripps will compensate directors following the Spin-Off substantially in accordance with the foregoing practices.

EXECUTIVE COMPENSATION

Prior to the Spin-Off, Scripps executive officers will not have received any compensation from New Scripps for serving as executive officers thereof. It is expected that New Scripps will compensate its executive officers following the Spin-Off substantially in accordance with the compensation practices of Scripps. Stockholders interested in the compensation paid by Scripps to its executive officers may refer to Scripps' Proxy Statement for its 1995 Annual Meeting of Stockholders, a copy of which is on file with the SEC and is available without charge upon written or oral request to Investor Relations, The E.W. Scripps Company, 312 Walnut Street, Cincinnati, Ohio 45202, telephone (513) 977-3825.

Scripps Stock Plans Assumed by New Scripps

Scripps maintains the following stock plans: (i) the 1987 Long-Term Incentive Plan ("Scripps Incentive Plan") and (ii) the 1994 Non-Employee Directors' Stock Option Plan ("Scripps Director's Plan," and collectively, the "Scripps Stock Plans"). In connection with the Merger and related transactions, New Scripps will assume the Scripps Stock Plans and the options and awards outstanding thereunder. All references in such plans to Scripps and Scripps Class A Common Stock will be deemed to refer to New Scripps and New Scripps Class A Common Shares. Approval of the Merger by the holders of Scripps Common Voting Stock will constitute approval of New Scripps' assumption of the Scripps Stock Plans for purposes of the stockholder approval requirements of Rule 16b-3 under the Exchange Act.

Scripps Incentive Plan. Upon consummation of the Spin-Off, New Scripps will assume the Scripps Incentive Plan and all options and awards outstanding thereunder. All such options and awards will be adjusted in accordance with the plan by the Compensation Committee so as to prevent enlargement or dilution of the rights represented by such options and awards. No amendments will be made to the Scripps Incentive Plan as a result of the Spin-Off. All information appearing below about the Scripps Incentive Plan will continue to apply to the plan after assumption thereof by New Scripps.

The purpose of the Scripps Incentive Plan is to promote the long-term growth and profitability of Scripps by enabling it to attract and retain the best available persons for positions of substantial responsibility. Grants of incentive or nonqualified stock options, stock appreciation rights (in tandem with or independent of options) ("SARs"), restricted or nonrestricted share awards, performance units, or any combination thereof, may be made under the Scripps Incentive Plan. Participation is limited to officers and other key employees of Scripps selected by the Compensation Committee. Directors who are not officers of Scripps are not eligible to participate in the Scripps Incentive Plan. Scripps has reserved 3,250,000 shares of Class A Common Stock for issuance under the plan. The maximum number of shares of Scripps Class A Common Stock with respect to which options, SARs, restricted stock or performance units, or any combination thereof, may be granted under the Scripps Incentive Plan to any employee in any one calendar year is limited to 500,000 shares.

Stock Options and SARs. The exercise price of stock options granted under the Scripps Incentive Plan shall not be less than 100% of the fair market value of the shares on the date the option is granted. The Compensation Committee may grant incentive or nonqualified options. Options may be exercised upon payment of the exercise price in cash, in shares previously acquired by the optionee, or a combination of cash and such shares. Options may also be exercised in accordance with a "cashless" exercise procedure that permits the optionee to sell all or a portion of the shares underlying the option or obtain a margin loan from a broker sufficient to enable payment in either case of the exercise price of the option. The Compensation Committee shall determine the date or dates on which each option shall become exercisable. The Compensation Committee may accelerate the vesting of any option or SAR held by an employee who retires or whose employment is otherwise terminated for any reason other than cause. "Cause" means, generally, conviction of a felony, conduct that could cause demonstrable and serious injury to Scripps, or gross dereliction of duty or other grave misconduct. Retired employees have a period of five years following retirement to exercise their options and SARs. Upon a change in control of Scripps there will be an automatic acceleration of the vesting of any outstanding option or SAR as of the date of such change in control.

The Compensation Committee is authorized to grant SARs under the Scripps Incentive Plan independently of or in tandem with stock options. The exercise of an option shall result in an immediate forfeiture of its corresponding tandem SAR, and the exercise of a tandem SAR shall cause an immediate forfeiture of its corresponding option. A tandem SAR shall expire at the same time as and shall be transferable only when and under the same conditions as the related option. Tandem SARs shall be exercised only when, to the extent and on the conditions that the related option is exercisable. Upon exercise, the optionee shall be entitled to distribution of an amount equal to the difference between the fair market value of a share of Scripps Class A Common Stock on the date of exercise and the exercise price of the option to which the SAR corresponds. The Compensation Committee shall decide whether such distribution shall be in cash, in shares, or in a combination thereof. All tandem SARs will be exercised automatically on the last day prior to the expiration date of the related option. An independent SAR will entitle an employee to receive, with respect to each share of Class A Common Stock as to which the SAR is exercised, the excess of the fair market value of one share of such stock on the date of exercise over its fair market value on the date such SAR was granted. As defined in the Scripps Incentive Plan, "fair market value" means the average of the highest and lowest selling prices of the Scripps Class A Common Stock as reported on the New York Stock Exchange on the date in question. Independent SARs may become exercisable at such times or times, and on such conditions as the Compensation Committee may specify, except that no such SAR will become exercisable during the first six months following the date on which it was granted. The Scripps Incentive Plan provides that each independent SAR will be exercised automatically on the last day prior to its expiration date. Payments of the amount to which an employee is entitled upon the exercise of an independent SAR shall be made in cash or shares of Scripps Class A Common Stock, or in any combination thereof, as the Compensation Committee shall determine. To the extent that the payment is made in shares, the shares will be valued at their fair market value on the day of exercise of such SAR.

No option, SAR or performance unit shall be transferable by an employee otherwise than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order. The Scripps Incentive Plan provides that the Compensation Committee shall make adjustments as it deems appropriate in the number and kind of shares reserved for issuance under the Plan, and the number and kind of shares covered by grants made under the plan and in the exercise price of outstanding options, in certain events, such as reorganization, recapitalization, stock split or merger. The Compensation Committee may also authorize cash awards to any participant in order to assist him or her in meeting tax obligations with respect to shares received under the plan.

Share Awards. The Compensation Committee may award shares of Scripps Class A Common Stock under the Scripps Incentive Plan and place restrictions on transfer of such shares. Each award shall specify the applicable restrictions, if any, on such shares, the duration of such restrictions, and the time at which such restrictions shall lapse. Participants will be required to deposit shares with Scripps during the period of any restriction on transfer.

Performance Units. The Compensation Committee may grant performance units to participants under the Scripps Incentive Plan. Each unit shall have a dollar value determined at the time of grant. The value of each unit may be fixed or it may fluctuate based on a performance factor (e.g., return on equity) selected by the Compensation Committee. The Compensation Committee shall establish performance goals that, depending on the extent to which they are met, will determine the final value of the performance units or the final number of units actually earned by participants, or both. Performance units that are earned by a participant may be paid in restricted or nonrestricted shares, in cash, or in a combination of both in the Compensation Committee's discretion.

Miscellaneous. The Scripps Incentive Plan provides for vesting, exercise or forfeiture of rights granted under the Scripps Incentive Plan on retirement, death, disability, termination of employment or a change of control. The Board of Directors may modify, suspend or terminate the Scripps Incentive Plan as long as it does not impair the rights of any participant thereunder. The holders of Scripps Common Voting Stock must approve any increase in the maximum number of shares reserved for issuance under the plan, any change in the classes of employees eligible to participate in the plan and any material increase in the benefits accruing to participants. The Scripps Incentive Plan was approved by the holders of Scripps Common Voting Stock in December 1987 and shall terminate in December 1997 except with respect to awards or options then outstanding.

Scripps Directors' Option Plan. Upon consummation of the Spin-Off, New Scripps will assume the Scripps Directors' Plan and all options outstanding thereunder. All such options will be adjusted in accordance with the plan by the Compensation Committee so as to prevent enlargement or dilution of the rights represented by such options. No amendments will be made to this plan as a result of the Spin-Off. All information appearing below about the Scripps Directors' Plan will continue to apply to the plan after assumption thereof by New Scripps.

The purpose of the plan is to strengthen the alignment of interests between

non-employee directors and the stockholders of Scripps through the increased ownership by such directors of shares of Scripps Class A Common Stock. The total number of shares of Class A Common Stock of Scripps that may be made subject to options awarded under the Plan is 50,000. Participation is limited to non-employee directors of Scripps elected by the holders of Class A Common Stock.

Under the plan, each qualified director shall receive a one-time non-qualified stock option for 5,000 shares of Class A Common Stock at the time of initial election. On December 9, 1994, each of the three non-employee directors currently in office received an option for 5,000 shares of Class A Common Stock. The plan was subsequently approved by the holders of the Common Voting Stock.

The exercise price of each option granted under the plan shall be equal to the fair market value of a share of Scripps Class A Common Stock on the date that the option is granted. Options may be exercised in whole or in part upon payment of the exercise price in cash or in shares of Scripps Class A Common Stock previously acquired or a combination of cash and such shares. The plan also provides for "cashless exercise" of options pursuant to which a participant pays the exercise price of his options by selling all or part of the underlying common shares.

The stock options granted under the plan to the current non-employee directors of the Company are exercisable and shall expire on December 9, 2004. All other stock options granted under the plan shall be exercisable on the first anniversary of the recipient's election as a director by the holders of Scripps Class A Common Stock and shall have terms of ten years from the date of grant.

Options granted under the plan are not transferable except as permitted by applicable law. The plan provides for appropriate adjustments in the number and kind of shares reserved for issuance under the plan or covered by options granted under the Plan and in the exercise price of outstanding options in the event of a reorganization, stock split, merger, or similar event. The plan will continue in effect until its expiration on December 9, 2004, and options then outstanding will continue in effect until the expiration of their terms.

Rule 16b-3. Pursuant to Section 16(b) of the Exchange Act, directors, certain officers and 10% stockholders of Scripps are generally liable to Scripps for repayment of any "short-swing" profits realized from any non-exempt purchase and sale of Scripps Common Stock occurring within a six-month period. Rule 16b-3, promulgated under the Exchange Act, provides an exemption from Section 16(b) liability for certain transactions by an officer or director pursuant to an employee benefit plan that complies with such rule. Specifically, the grant of an option under an employee benefit plan that complies with Rule 16b-3 will not be deemed the purchase of a security and the actual or deemed sale of shares in connection with certain option exercises will not be deemed a sale for Section 16(b) purposes. The Scripps Stock Plans are designed to comply with Rule 16b-3.

Federal Income Tax Consequences of the Scripps Stock Plans. The following is a summary of the federal income tax consequences of transactions under the Scripps Stock Plans.

Non-Qualified Stock Options. In general, with respect to non-qualified stock options under each of the Scripps Stock Plans (a) no income is realized by the optionee at the time the option is granted, (b) upon exercise of the option, the optionee realizes ordinary income in an amount equal to the excess of the fair market value of the shares of Class A Common Stock on the date of exercise over the option price paid for the shares, and Scripps is entitled to a tax deduction in the same amount, and (c) at disposition of the Class A Common Stock received upon the exercise of the option, the optionee receives, as either short-term or long-term capital gain (or loss) the difference between the amount realized and the fair market value of the shares on the date of exercise.

Incentive Stock Options. No taxable income is realized by the optionee upon the grant or exercise of an incentive stock option under the Scripps Incentive Plan. If Class A Common Stock is issued to an optionee pursuant to the exercise of an incentive stock option, and if no disqualifying disposition of such stock is made by such optionee within two years after the date of grant or within one year after the transfer of such shares to such optionee, then (a) upon the sale of such stock a long-term capital gain or loss will be realized in an amount equal to the difference between the option price and the amount realized by the optionee and (b) no deduction will be allowed to Scripps for federal income tax purposes. The excess (if any) of the fair market value of the shares on the date of exercise over the option price, however, is includable in alternative minimum taxable income unless the shares are disposed of in the taxable year the option is exercised.

If Class A Common Stock acquired upon the exercise of an incentive stock option is disposed of prior to the expiration of either holding period described above, generally (i) the optionee realizes ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares on the date of exercise (or, if less, the amount realized on the disposition of the shares) over the option price paid for such shares and (ii) Scripps will be entitled to deduct the amount realized as ordinary income by the optionee if Scripps satisfies certain federal withholding or reporting requirements. Any further gain (or loss) realized by the participant will be taxed as short-term or long-term capital gain (or loss), as the case may be, and will not result in any deduction for Scripps.

Stock Appreciation Rights. No income will be realized by an optionee in connection with the grant of a stock appreciation right under the Scripps Incentive Plan. When the right is exercised, the optionee will generally be required to recognize as ordinary income in the year of exercise an amount equal to the sum of the amount of cash and the fair market value of any shares received. Scripps will be entitled to a deduction equal to the amount included in such optionee's ordinary income by reason of the exercise if Scripps satisfies certain federal withholding or reporting requirements. If the optionee receives Class A Common Stock upon the exercise of a stock appreciation right, the post-exercise appreciation (or depreciation) will be treated in the same manner as discussed above under "Non-Qualified Stock Options."

Restricted Stock Awards. A recipient of a restricted stock award under the Scripps Incentive Plan generally will recognize ordinary income equal to the difference between the fair market value of the restricted stock at the time the stock is transferable or not subject to a substantial risk of forfeiture and the consideration, if any, paid for the stock. A recipient may elect, however, within 30 days of the date of grant, to recognize taxable ordinary income on the date of grant equal to the excess of the fair market value of the shares of restricted stock on such date (determined without regard to any restrictions other than restrictions which will never lapse) over the consideration, if any, paid for such restricted stock. Scripps generally will be entitled to a deduction equal to the amount that is taxable as ordinary income to the recipient if Scripps satisfies certain federal withholding requirements.

Performance Units. A recipient of performance units under the Scripps Incentive Plan will recognize ordinary income when the objectives for a performance unit are satisfied. The time at which a recipient of a performance unit will recognize ordinary income will generally depend upon whether the recipient receives restricted or nonrestricted stock, cash or a combination thereof. Scripps generally will be entitled to a deduction equal to the amount that is taxable as ordinary income to the recipient if Scripps satisfies certain withholding requirements.

Capital Gains. Under current law, capital gains are subject to the same tax rates that apply to ordinary income, except the rate may not exceed 28%. Capital losses may be utilized to offset capital gains to the extent of capital gains, and \$3,000 of capital losses in excess of capital gains (\$1,500 in the case of a married individual filing a separate return) is deductible against other income.

To receive long-term capital gain (loss) treatment with respect to any appreciation (depreciation) in the value of Class A Common Stock acquired pursuant to the Scripps Stock Plans, the participant must hold such shares for more than one year. Shares held for one year or less will receive short-term capital gain or loss treatment.

Dividends and Dividend Equivalents. Dividends paid on restricted stock generally will be treated as compensation that is taxable as ordinary income to the participant and may be deductible by Scripps. If, however, the participant makes a Section 83(b) election, the dividends will be taxable as ordinary income to the participants, but will not be deductible by Scripps.

\$1,000,000 Deduction Limitation. Scripps is not entitled to deduct annual remuneration in excess of \$1 million (the "Deduction Limitation") paid to certain of its employees unless such remuneration satisfies an exception to the Deduction Limitation, including an exception for performance-based compensation established by a compensation committee and approved by shareholders. Thus, unless options, rights or awards granted under the Scripps Incentive Plan satisfy an exception to the Deduction Limitation, Scripps' deduction with respect to such options, rights or awards will be subject to the Deduction Limitation.

Under Treasury Regulations, compensation attributable to stock options or stock appreciation rights is deemed to satisfy the performance based compensation exception if:

"the grant or award is made by the compensation committee; the plan under which the option or right is granted states the maximum number of shares with respect to which options or rights may be granted during a specified period to any employee; and, under the terms of the option or right the amount of compensation the employee could receive is based solely on an increase in the value of the stock after the date of the grant or award . . ."

If a compensation committee comprised solely of two or more "outside directors" within the meaning of Section 162(m) of the Code makes grants, Scripps' deduction with respect to options granted under the Scripps Incentive Plan will not be subject to the Deduction Limitation.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to persons known to Scripps to be the beneficial owners of more than five percent of Scripps Class A Common Stock or Scripps Common Voting Stock. Unless otherwise indicated, all information is as of September 30, 1995, and the persons named in the table have sole voting and investment power with respect to all shares shown therein as being beneficially owned by them. Assuming that the Spin-Off had occurred as of the aforesaid date, the information in the table below would also reflect the number of Class A Common Shares and Common Voting Shares of New Scripps, and the respective percentages thereof, beneficially owned by the persons named in such table.

(1) Under the Trust Agreement establishing the Scripps Trust, the Scripps Trust must retain voting stock sufficient to ensure control of Scripps (and following the Spin-Off, New Scripps) until the final distribution of the Scripps Trust estate unless earlier stock dispositions are necessary for the purpose of preventing loss or damage to such estate. The Scripps Trust will terminate upon the death of the last to survive of four persons specified in the Scripps Trust, the youngest of whom is 72 years of age. Upon the termination of the Scripps Trust, substantially all of its assets (including all shares of capital stock of Scripps or, following the Spin-Off, New Scripps, held by the Scripps Trust) will be distributed to the grandchildren of Robert Paine Scripps (a son of Edward W. Scripps), of whom there are 28. Certain of these grandchildren have entered into an agreement among themselves, other cousins and Scripps which will restrict transfer and govern voting of shares of Scripps Common Voting Stock (and, following the Spin-Off, New Scripps Common Voting Shares) to be held by them upon termination of the Scripps Trust and distribution of the Scripps Trust estate. This agreement will apply to the New Scripps Common Voting Shares following the Spin-Off. See "Certain Transactions--Scripps Family Agreement."

(2) The shares listed for Mr. Howard consist of 3,327,385 shares of Scripps Class A Common Stock and 170,000 shares of Scripps Common Voting Stock held in an irrevocable trust established for the benefit of Mr. Howard and his wife and of which Mr. Howard and his wife are the sole trustees; and 331,813 shares of Scripps Class A Common Stock owned by Mr. Howard's wife. Mr. Howard disclaims any beneficial interest in these shares except those held in the irrevocable trust.

(3) The shares listed for Mr. Paul K. Scripps include 119,520 shares of Scripps Common Voting Stock and 400 shares of Scripps Class A Common Stock held in various trusts for the benefit of certain relatives of Paul K. Scripps and 100 shares of Scripps Class A Common Stock owned by his wife. Mr. Scripps is a trustee of the aforesaid trusts. Mr. Scripps disclaims beneficial ownership of the shares held in such trusts and the shares owned by his wife. The shares listed also include 1,445,453 shares of Scripps Common Voting Stock and 188,497 shares of Scripps Class A Common Stock held by five trusts of which Mr. Scripps is a trustee. Mr. Scripps is the sole beneficiary of one of such trusts, holding 349,018 shares of Scripps Common Voting Stock and 47,124 shares of Scripps Class A Common Stock. He disclaims beneficial ownership of the shares held in the other four trusts.

(4) Represents shares of Class A Common Stock held as of December 31, 1994. Wellington Management Company ("Wellington"), an investment advisory firm, has filed a Schedule 13G with the SEC with respect to Scripps Class A Common Stock. According to the Schedule 13G for the year ended December 31, 1994, the shares listed in the table are owned by various clients of Wellington, which possesses investment or voting power with respect to such shares pursuant to the provisions of investment advisory agreements with such clients.

(5) Represents shares of Class A Common Stock held as of December 31, 1994. The Capital Group Companies, Inc. ("Capital"), the parent company of six investment management companies, has filed a Schedule 13G with the SEC with respect to the Scripps Class A Common Stock. According to the Schedule 13G for the year ended December 31, 1994, the shares listed in the table are owned by various clients of Capital, which possesses investment or voting power with respect to such shares pursuant to the provisions of investment advisory agreements with such clients.

(6) Represents shares of Class A Common Stock held as of December 31, 1994 and Common Voting Stock held as of September 30, 1995. The shares shown in the table are held in two trusts of which Chemical Bank is the sole trustee. These trusts were established by Jack R. Howard's parents for the benefit of his sister.

CERTAIN TRANSACTIONS

Scripps Family Agreement. Scripps and certain persons and trusts are parties to an agreement (the "Scripps Family Agreement") restricting the transfer and governing the voting of shares of Scripps Common Voting Stock that such persons and trusts may acquire or own at or after the termination of the Scripps Trust. Such persons and trusts (the "Signatories") consist of certain grandchildren of Robert Paine Scripps who are beneficiaries of the Scripps Trust, the descendants of John P. Scripps, and certain trusts of which descendants of John P. Scripps are trustees and beneficiaries. Robert Paine Scripps and John P. Scripps were sons of the founder of Scripps.

If the Scripps Trust were to have terminated as of September 30, 1995, the Signatories would have held in the aggregate approximately 86% of the outstanding shares of Scripps Common Voting Stock as of such date.

Once effective, the provisions restricting transfer of shares of Scripps Common Voting Stock under the Scripps Family Agreement will continue until twenty-one years after the death of the last survivor of the descendants of Robert Paine Scripps and John P. Scripps alive when the Scripps Trust terminates. The provisions of the Scripps Family Agreement governing the voting of Scripps Common Voting Stock will be effective for a ten year period after termination of the Scripps Trust and may be renewed for additional ten year periods pursuant to certain provisions set forth in the Agreement.

No Signatory will be able to dispose of any shares of Scripps Common Voting Stock (except as otherwise summarized below) without first giving other Signatories and Scripps the opportunity to purchase such stock. Signatories will not be able to convert shares of Scripps Common Voting Stock into shares of Scripps Class A Common Stock except for a limited period of time after giving other Signatories and Scripps the aforesaid opportunity to purchase and except in certain other limited circumstances.

Signatories will be permitted to transfer shares of Scripps Common Voting Stock to their lineal descendants or trusts for the benefit of such descendants, or to any trust for the benefit of such a descendant, or to any trust for the benefit of the spouse of such descendant or any other person or entity. Descendants to whom such shares are sold or transferred outright, and trustees of trusts into which such shares are transferred, must become parties to the Scripps Family Agreement or such shares shall be deemed to be offered for sale pursuant to the Scripps Family Agreement. Signatories will also be permitted to transfer shares of Scripps Common Voting Stock by testamentary transfer to their spouses provided such shares are converted to Scripps Class A Common Stock and to pledge such shares as collateral security provided that the pledgee agrees to be bound by the terms of the Scripps Family Agreement. If title to any such shares subject to any trust is transferred to anyone other than a descendant of Robert Paine Scripps or John P. Scripps, or if a person who is a descendant of Robert Paine Scripps or John P. Scripps acquires outright any such shares held in trust but is not or does not become a party to the Scripps Family Agreement, such shares shall be deemed to be offered for sale pursuant to the Scripps Family Agreement. Any valid transfer of shares of Scripps Common Voting Stock made by Signatories without compliance with the Scripps Family Agreement will result in automatic conversion of such shares to Class A Common Shares.

The Scripps Family Agreement provides that Scripps will call a meeting of the Signatories prior to each annual or special meeting of the stockholders of Scripps held after termination of the Scripps Trust (each such meeting hereinafter referred to as a "Required Meeting"). At each Required Meeting, Scripps will submit for decision by the Signatories each matter, including election of directors, that Scripps will submit to its stockholders at the annual meeting or special meeting with respect to which the Required Meeting has been called. Each Signatory will be entitled, either in person or by proxy, to cast one vote for each share of Scripps Common Voting Stock owned of record or beneficially by him on each matter brought before the meeting. Each Signatory will be bound by the decision reached with respect to each matter brought before such meeting, and, at the related meeting of the stockholders of Scripps, will vote his shares of Scripps Common Voting Stock in accordance with decisions reached at the meeting of the Signatories.

Following the Spin-Off, the Scripps Family Agreement will apply to the New Scripps Common Voting Shares and the New Scripps Class A Common Shares held by the Signatories after termination of the Scripps Trust.

John P. Scripps Newspapers. In connection with the merger in 1986 of the John P. Scripps Newspaper Group ("JPSN") into a wholly owned subsidiary of Scripps (the "JPSN Merger"), Scripps and the Scripps Trust entered into certain agreements discussed below. All of these agreements will apply to New Scripps, the New Scripps Class A Common Shares and the New Scripps Common Voting Shares following the Spin-Off.

JPSN Board Representation Agreement. The Scripps Trust and John P. Scripps entered into a Board Representation Agreement dated March 14, 1986 in connection with the JPSN Merger. Under this agreement, the surviving adult children of Mr. Scripps who are stockholders of Scripps have the right to designate one person to serve on the Scripps Board so long as they continue to own in the aggregate 25% of the sum of (i) the shares issued to them in the JPSN Merger and (ii) the shares received by them from John P. Scripps's estate. In this regard, the Scripps Trust has agreed to vote its Scripps Common Voting Stock in favor of the person designated by John P. Scripps's children. Pursuant to this agreement, Paul K. Scripps currently serves on Scripps Board. The Board Representation Agreement terminates upon the earlier of the termination of the Scripps Trust or the completion of a public offering by Scripps of its Common Voting Stock.

Stockholder Agreement. The former stockholders of the John P. Scripps Newspaper Group, including John P. Scripps and Paul K. Scripps, entered into a Stockholder Agreement with Scripps in connection with the JPSN Merger. This agreement restricts to certain transferees the transfer of Scripps Common Voting Stock received by such stockholders pursuant to the JPSN Merger. These restrictions on transfer will terminate on the earlier of the termination of the Scripps Trust or completion of a public offering of Scripps Common Voting Stock. Under the agreement, if a stockholder has received a written offer to purchase 25% or more of his shares of Scripps Common Voting Stock, Scripps has a "right of first refusal" to purchase such shares on the same terms as the offer. On the death of any of these stockholders, Scripps is obligated to purchase from the stockholder's estate a sufficient number of shares of the Scripps Common Stock to pay federal and state estate taxes attributable to all shares included in such estate. This obligation expires in 2006. Under certain other circumstances, such as bankruptcy or insolvency of a stockholder, Scripps has an option to buy all shares of Scripps Common Stock owned by such stockholder. Under the agreement, stockholders owning 25% or more of the outstanding shares of Scripps Common Voting Stock issued pursuant to the JPSN Merger may require Scripps to register shares of Scripps Common Voting Stock (subject to the right of first refusal mentioned above) under the Securities Act for sale at the stockholders' expense in a public offering. In addition, the former stockholders of the John P. Scripps Newspaper Group will be entitled, subject to certain conditions, to include shares of Scripps Common Voting Stock (subject to the right of first refusal) that they own in any registered public offering of shares of the same class by Scripps. The registration rights expire three years from the date of a registered public offering of shares of Scripps Common Voting Stock.

Other Transactions. Mr. Charles E. Scripps and Mr. Robert P. Scripps, directors of Scripps and New Scripps, are general partners in Jefferson Building Partnership (the "Jefferson Partnership"), which was formed in 1984. The Albuquerque Publishing Company, a subsidiary of Scripps that is a 50% owned partnership that operates The Albuquerque Tribune under a joint operating agreement, leases the facilities for The Albuquerque Tribune from a partnership controlled in part by the Jefferson Partnership. This lease terminates in 2004. Total rent under the lease through September 30, 1995, was approximately \$700,000. The Albuquerque Publishing Company has an option to purchase the property that is exercisable until 2034. The purchase price will be equal to 7.7 times the basis rent for the lease year in which the property is purchased. The parties to the Albuquerque joint operating agreement lease the land on which the Albuquerque facilities are situated to the Jefferson Partnership under a lease terminating in 2034 and providing for rent of \$150,000 per year, subject to certain adjustments for inflation. The Jefferson Partnership has subleased the land to the Albuquerque Publishing Company as part of the facilities lease arrangement described above.

Mr. Charles E. Scripps is a Trustee of the Scripps Trust. Mr. Scripps is expected to continue to serve as a Trustee of the Scripps Trust in 1996. As a Trustee, Mr. Scripps shares the power, together with the other two Trustees, to vote and dispose of the 32,610,000 shares of Scripps Class A Common Stock and 16,040,000 shares of Scripps Common Voting Stock held by the Scripps Trust. Following the Spin-Off, the Scripps Trust will hold 32,610,000 New Scripps Class A Common Shares and 16,040,000 New Scripps Common Voting Shares. Mr. Scripps has a life income interest in the Scripps Trust.

Mr. John H. Burlingame, a director of Scripps and a Trustee of the Scripps Trust, is the Executive Partner of Baker & Hostetler, which is general counsel to Scripps and the Scripps Trust. Baker & Hostetler has performed legal services for Scripps and the Scripps Trust for many years and is expected to do so in the future.

Mr. Nicholas B. Paumgarten, a director of Scripps, is a Managing Partner of J.P. Morgan & Co. Incorporated ("J.P. Morgan"). Morgan Guaranty Trust Company of New York (an affiliate of J.P. Morgan) is a lender to Scripps under a revolving credit agreement. Another affiliate of J.P. Morgan, J.P. Morgan Securities Inc., has performed investment banking services for Scripps in the past and may perform such services in the future.

MARKET PRICE OF AND DIVIDENDS ON COMMON STOCK AND RELATED STOCKHOLDER MATTERS

New Scripps shares do not currently trade in a public market. New Scripps' Class A Common Shares issued in the Spin-Off are expected to be listed on the New York Stock Exchange ("NYSE") and to trade under the symbol "SSP," which is the symbol under which Scripps Class A Common Stock currently trades on the NYSE.

There are approximately 4,500 owners of Scripps' Class A Common Stock and 27 owners of Scripps' Common Voting Stock (which does not have a public market), based on security position listings. Upon completion of the Transactions the separate existence of Scripps will cease.

Scripps has declared cash dividends in every year since its incorporation in 1922. Management of New Scripps intends to maintain the dividend payment policy of Scripps. Future dividends will be subject to New Scripps' earnings, financial condition, and capital requirements.

The range of market prices of Scripps' Class A Common Stock, which represents the high and low sales prices for each full quarterly period (with the exception of the 4th quarter of 1995 which is through December 20, 1995) and quarterly cash dividends are as follows:

* Refers to operating units sold prior to September 30, 1995, but does not include cable television, which is reported as a discontinued business segment. Because Scripps will receive no proceeds from the divestiture of its cable television segment, that segment is excluded from the Summary of Operations.

** Excludes cable television.

*** Net debt is defined as long-term debt less cash equivalents and short-term investments.

Note: Certain amounts may not foot as each is rounded independently.

Notes to Selected Financial Data

In the periods presented Scripps acquired and divested the following:

Acquisitions

- 1994 - The remaining 13.9% minority interest in Scripps Howard Broadcasting Company ("SHB") in exchange for 4,952,659 shares of Scripps Class A Common stock. Cinetel Productions (an independent producer of programs for cable television).
- 1993 - Remaining 2.7% minority interest in the Knoxville News-Sentinel. 5.7% of the outstanding shares of SHB.
- 1992 - Three daily newspapers in California (including The Monterey County Herald in connection with the sale of The Pittsburgh Press).
- 1991 - Baltimore television station WMAR.

Divestitures

- 1995 - Watsonville, California, daily newspaper. No gain or loss was realized.
- 1993 - Book publishing; newspapers in Tulare, California, and San Juan; Memphis television station; radio stations. The net gains on the divestitures increased net income \$46.8 million, \$.63 per share.
- 1992 - The Pittsburgh Press; TV Data; certain other investments. The net gains on the divestitures increased net income \$45.6 million, \$.61 per share.

Total operating income included the following unusual items:

- 1994 - Loss on program rights expected to be sold as a result of changes in television network affiliations. The loss reduced net income \$4.9 million, \$.07 per share.
- 1993 - Change in estimate of disputed music license fees; gain on the sale of certain publishing equipment; a restructuring charge. The net effect of the unusual items reduced net income \$0.6 million, \$.01 per share.
- 1992 - Operating losses of \$32.7 million during the Pittsburgh Press strike (reported in divested operating units) reduced net income \$20.2 million; \$.27 per share.
- 1990 - Payments to JOA partner related to termination of Knoxville JOA. Net income was reduced \$23.7 million, \$.31 per share.

Net gains and unusual items included the following unusual items:

- 1994 - Sale of worldwide Garfield and U.S. Acres copyrights. The sale resulted in a pre-tax gain of \$31.6 million, \$17.4 million after-tax, \$.23 per share. Estimated loss on sale of real estate associated with changes in television network affiliations; special contribution to a charitable foundation; lawsuits associated with divested operating units. These items totaled \$16.9 million and combined with the estimated change in the tax liability for prior years reduced net income \$15.1 million, \$.20 per share.
- 1993 - Received \$2.5 million fee in connection with Ogden, Utah, newspaper sale. Combined with the change in the estimate of prior year tax liabilities and the effect of the increase in the federal income tax rate to 35% from 34%, net income was increased \$4.8 million, \$.06 per share.
- 1992 - Write-down of real estate and investments totaled \$3.5 million. Combined with the adjustment of the tax liability for prior years, net income was increased \$6.1 million, \$.08 per share.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

On October 28, 1995 The E.W. Scripps Company ("Scripps") and Comcast Corporation ("Comcast") reached an agreement pursuant to which Scripps will contribute all of its non-cable television assets to Scripps Howard, Inc. ("SHI" - a wholly-owned subsidiary of Scripps and the direct or indirect parent of all of Scripps' operations) and SHI's cable television system subsidiaries ("Scripps Cable") will be transferred to and held directly by Scripps. Scripps Cable will then be acquired by Comcast through a tax-free merger (the "Merger") with Scripps. The remaining SHI business will continue as "New Scripps", which will be distributed in a tax-free "spin-off" to Scripps shareholders (the "Spin-Off") and thereafter renamed The E.W. Scripps Company. The Merger and the Spin-Off are collectively referred to as the "Transactions." Upon completion of the Transactions the separate existence of Scripps will cease.

Because Scripps Cable represents an entire business segment that will be divested, its results are reported as "discontinued operations" in Scripps' consolidated financial statements. Results of the remaining business segments, including results for divested operating units within these segments through their dates of sale, are reported as "continuing operations."

Scripps' historical basis in its assets and liabilities will be carried over to New Scripps. The Transactions will be recorded as a reverse spin transaction, accordingly New Scripps' results of operations for periods prior to the consummation of the Transactions will represent the historical results of operations previously reported by Scripps. Scripps Cable is excluded from Management's Discussion and Analysis of Financial Condition and Results of Operations results because management believes its results are not relevant to understanding Scripps' ongoing operations.

Consolidated results of continuing operations were as follows:

Earnings before interest, income taxes, depreciation, and amortization ("EBITDA") is included in the discussion of segment results because:

Changes in depreciation and amortization are often unrelated to current performance. Management believes the year-over-year change in EBITDA is a more useful measure of year-over-year performance than the change in operating income because, combined with information on capital spending plans, it is a more reliable indicator of results that may be expected in future periods.

Banks and other lenders use EBITDA to determine Scripps' borrowing capacity.

Financial analysts use EBITDA to value communications media companies.

Acquisitions of communications media businesses are based on multiples of EBITDA.

EBITDA should not, however, be construed as an alternative measure of the amount of Scripps' income or cash flows from operating activities.

Operating losses for the nine-month period ended September 30, 1995 and 1994 for HGTV totaled \$10,500,000, \$6,400,000 after-tax, \$.08 per share and \$3,500,000, \$1,900,000 after-tax, \$.03 per share. For the full year of 1994 operating losses for HGTV amounted to \$7,700,000 and reduced Scripps' net income by \$4,500,000, \$.06 per share.

In the third quarter of 1994 Scripps acquired the remaining 13.9% minority interest in Scripps Howard Broadcasting Company ("SHB") in exchange for 4,952,659 shares of Scripps Class A Common stock. In 1993 Scripps purchased 5.7% of the outstanding shares of SHB and the remaining 2.7% minority interest in the Knoxville News-Sentinel.

The average balance of outstanding debt decreased \$64,000,000 in 1995 through September 30, \$202,000,000 in 1994 and \$101,000,000 in 1993.

The effective income tax rate in all periods is affected by the changes in estimate of the tax liability for prior years described in (v) below.

Net gains and unusual items affecting the comparability of Scripps' reported results of operations include the following:

(i) In 1994 Scripps sold its worldwide Garfield and U.S. Acres copyrights. The sale resulted in a pre-tax gain of \$31,600,000, \$17,400,000 after-tax, \$.23 per share.

(ii) Scripps divested the following operations:

1995 - Newspaper in Watsonville, California.

1993 - Book publishing; newspapers in Tulare, California, and San Juan; Memphis television station; radio stations.

1992 - The Pittsburgh Press; TV Data; certain other investments.

The business units referred to above, and any related gains on the sales of the business units, are hereinafter referred to as the "Divested Operating Units."

The following items related to Divested Operating Units affected the comparability of Scripps' reported results of operations:

(in thousands, except per share data)

| | 1993 | 1992 |
|----------------------------------------------------------------------------|-----------|-----------|
| Net gains recognized (before minority interests and income taxes) | \$ 91,900 | \$ 78,000 |
| Net gains recognized (after minority interests and income taxes) | 46,800 | 45,600 |
| Net gains recognized per share (after minority interests and income taxes) | \$.63 | \$.61 |

The Herald, a newspaper with a circulation of approximately 37,000 in Monterey, California, was acquired on December 31, 1992 in connection with the sale of The Pittsburgh Press.

(iii) In late 1994 and early 1995 Scripps' three television stations that had been Fox affiliates changed their network affiliation. In connection with the change certain program rights were expected to be sold at an estimated loss of \$7,900,000. Two of the stations are constructing new buildings to accommodate expanded local news programming, and currently owned real estate will be sold at an estimated loss of \$2,800,000. These estimated losses were recorded in the fourth quarter of 1994, reducing net income \$6,600,000, \$.09 per share.

(iv) In the fourth quarter of 1994 Scripps made a special contribution to a charitable foundation that reduced pre-tax income by \$8,000,000 and net income by \$4,500,000, \$.06 per share.

(v) In 1992 management changed its estimate of the tax liability for prior years, increasing net income \$8,400,000, \$.11 per share. In 1993 management changed its estimate of the tax basis and lives of certain intangible assets. The resulting change in the estimated tax liability for prior years increased net income in 1993 by \$5,400,000, \$.07 per share. In 1994 the Internal Revenue Service proposed adjustments related to those intangible assets. Based upon the proposed adjustments management again changed its estimate of the tax liability for prior years, decreasing net income in 1994 by \$5,300,000, \$.07 per share.

(vi) In 1994 Scripps accrued an estimate of the ultimate costs of certain lawsuits associated with Divested Operating Units. The accrual reduced net income by \$3,600,000, \$.05 per share.

(vii) Other unusual items in 1993 include the following:

Management changed the estimate of the additional amount of copyright fees Scripps would owe when a dispute between the television industry and the American Society of Composers, Authors and Publishers was resolved. The adjustment increased operating income \$4,300,000 and net income \$2,300,000, \$.03 per share.

Scripps realized a \$1,100,000 gain on the sale of certain publishing equipment and received a \$2,500,000 fee in connection with the sale of the Ogden, Utah, Standard Examiner, increasing net income \$2,300,000, \$.03 per share.

Scripps recorded a \$6,300,000 restructuring charge. The charge reduced net income \$3,600,000, \$.05 per share.

The federal income tax rate was increased to 35% from 34%. The effect on Scripps' deferred tax liabilities reduced net income \$2,300,000, \$.03 per share.

(viii) The Pittsburgh Press was not published after May 17, 1992 due to a strike. Reported 1992 results include operating losses of \$32,700,000 and net losses of \$20,200,000, \$.27 per share, during the strike period. Scripps sold The Pittsburgh Press on December 31, 1992 (see (ii) above).

(ix) In 1992 Scripps reduced the carrying value of certain property and investments to estimated realizable value. The resultant \$3,500,000 charge reduced net income \$2,300,000, \$.03 per share.

Operating results, excluding the Divested Operating Units and unusual items described above, for each of Scripps' business segments are presented on the following pages. The effects of the foregoing unusual items and the Divested Operations are excluded from the segment operating results because management believes they are not relevant to understanding Scripps' ongoing operations.

Advertising revenue in the nine months ended September 30, 1995 increased primarily due to higher advertising rates. Increased advertising volume and higher rates led to increases in advertising revenues at all of Scripps' newspapers in 1994. Operating revenues and expenses in 1993 were boosted by the fourth-quarter-1992 acquisition of three California daily newspapers.

Because the supply of newsprint exceeded demand, its price generally declined from 1988 through August 1992. Since the first quarter of 1994 prices have increased sharply. Newsprint consumption decreased 4% in the first nine months of 1995, however the average price of newsprint increased 40% compared to the average price in the first nine months of 1994.

Depreciation expense for 1992 includes a charge of \$5,500,000 to reduce the book value of certain equipment to estimated net realizable value.

Capital expenditures in 1992 included construction of the new production facility in Denver.

In 1995 Scripps' Cincinnati station signed an agreement to change to ABC from CBS. In 1994 Scripps negotiated 10-year affiliation agreements with ABC to replace Fox affiliations at its Phoenix and Tampa stations and changed its Kansas City station's affiliation from Fox to NBC. Also in 1994, Scripps signed an agreement to change its Baltimore station's affiliation to ABC from NBC in January 1995 and to extend the ABC affiliation agreements at the Cleveland and Detroit television stations.

Increased demand for advertising time led to increased EBITDA at all the television stations in 1994. Demand for local and national advertising moderated at Scripps' television stations in the first nine months of 1995. Revenue in the fourth quarter of 1995 is expected to decrease versus the fourth quarter of 1994 as the 1994 period included substantial political advertising.

The increase in other revenue in the 1995 nine month period is primarily due to the new and extended affiliation agreements with ABC. The increase in employee costs, other operating expenses, depreciation and amortization, and capital expenditures in 1994 and in the first nine months of 1995 is due primarily to Scripps' expanded schedules of local news programs at the former Fox affiliates. The decrease in program rights expense is due to the availability of more network programming at the former Fox affiliates.

Program rights decreased in 1994 because the Baltimore station no longer carried Orioles baseball games. Program rights decreased in 1993 as several syndicated programs previously aired by Scripps' stations were replaced with less-costly programs.

Depreciation and amortization in the 1995 nine month period also increased as a result of the acquisition of the remaining minority interest in SHB.

HGTV, a 24-hour cable television network, was launched on December 30, 1994. Scripps expects to invest an additional \$45,000,000 in HGTV in the next three years, including capital expenditures and pre-tax operating losses. Operating losses for HGTV for the nine-months ended 1995 and 1994 totaled \$10,500,000 and \$3,500,000. Operating losses for HGTV amounted to \$7,700,000 for the year ended December 31, 1994.

Scripps acquired Cinetel Productions in Knoxville, Tennessee, on March 31, 1994. Cinetel is one of the largest independent producers of programs for cable television. Cinetel's results of operations are included in the Entertainment segment from the date of acquisition. SHP began operations in 1993 and began selling programs in 1995.

In 1994 Scripps completed the sale of its Garfield and U.S. Acres copyrights, resulting in the decrease in licensing and syndication revenues. Film and television revenues prior to 1994 primarily relate to Garfield.

Excluding Garfield, domestic licensing revenues increased 12% in the 1995 nine month period and 7.6% for the full year of 1994. Foreign licensing revenues increased 21% in 1995 and were flat in 1994. In Japan, which accounts for approximately 70% of foreign licensing revenue and 47% of total licensing revenue, revenues in local currency decreased 6% in 1995, 8% in 1994 and 12% in 1993. The change in the exchange rate for the Japanese yen increased licensing revenues \$1,900,000 in 1995, \$1,600,000 in 1994 and \$2,700,000 in 1993.

Capital expenditures in 1995 and 1994 primarily relate to the launch of HGTV.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow provided by continuing operating activities for the nine months ended September 30 was \$57,800,000 in 1995 compared to \$105,200,000 in 1994. Payment of income taxes related to the settlement with the Internal Revenue Service of the audits of the 1985 through 1987 federal income tax returns caused the decrease. For the full year of 1994 cash flow from operating activities for continuing operations was \$170,200,000 compared to \$142,000,000 in 1993.

Scripps expects to finance its capital requirements and investments in HGTV primarily through cash flow from operations.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders,
The E.W. Scripps Company:

We have audited the accompanying consolidated balance sheets of The E.W. Scripps Company and subsidiary companies as of December 31, 1994 and 1993, and the related consolidated statements of income, stockholders' equity and cash flows for each of the three years in the period ended December 31, 1994. Our audits also included the financial statement schedule listed in the Index at Item E-1. These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of the Company at December 31, 1994 and 1993, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 1994 in conformity with generally accepted accounting principles. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

As discussed in Note 1 to the consolidated financial statements, as of December 31, 1993 the Company changed its method of accounting for certain investments to conform with Statement of Financial Accounting Standards No. 115.

As discussed in Note 1 to the consolidated financial statements, in 1992 the Company changed its method of accounting for postretirement benefits other than pensions to conform with Statement of Financial Accounting Standards No. 106.

THE E.W. SCRIPPS COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Proposed Transaction - On October 28, 1995 The E.W. Scripps Company ("Scripps") and Comcast Corporation ("Comcast") reached an agreement pursuant to which Scripps will contribute all of its non-cable television assets to Scripps Howard, Inc. ("SHI" - a wholly-owned subsidiary of Scripps and the direct or indirect parent of all of Scripps' operations) and SHI's cable television system subsidiaries ("Scripps Cable") will be transferred to and held directly by Scripps. Scripps Cable will then be acquired by Comcast through a tax-free merger (the "Merger") with Scripps. The remaining SHI business will continue as "New Scripps", which will be distributed in a tax-free "spin-off" to Scripps shareholders (the "Spin-Off") and thereafter renamed The E.W. Scripps Company. The Merger and the Spin-Off are collectively referred to as the "Transactions." Upon completion of the Transactions the separate existence of Scripps will cease. Scripps' historical basis in its assets and liabilities will be carried over to New Scripps. The Transaction will be recorded as a reverse-spin transaction, accordingly New Scripps' results of operations for periods prior to the consummation of the Transactions will represent the historical results previously reported by Scripps.

The closing date of the Transactions is expected to be in the latter part of 1996 subject to regulatory approvals and certain other conditions. Controlling shareholders in Scripps and Comcast have agreed to vote in favor of the Merger.

Because Scripps Cable represents an entire business segment that will be divested, its results are reported as "discontinued operations" for all periods presented. See Note 12. Results of the remaining business segments, including results for divested operating units within these segments through their dates of sale, are reported as "continuing operations."

Nature of Operations - Scripps publishes daily newspapers in fifteen markets, operates local television stations in nine markets, and its entertainment division primarily produces television programming and licenses comic characters. The relative importance of each line of business is indicated in the Segment Information presented in Note 9.

The newspaper and television operations are diversified geographically and Scripps has a diverse customer base. More than 70% of Scripps' operating revenues are derived from advertising, and as a result operating results can be affected by changes in the demand for advertising nationally and in Scripps' local markets.

Scripps grants credit to substantially all of its customers. Management believes bad debt losses resulting from default by a single customer, or defaults by customers in any depressed region or business sector, would not have a material effect on Scripps' financial position.

Unaudited Interim Financial Statements - The combined financial statements as of September 30, 1995 and for the nine months ended September 30, 1995 and 1994 are unaudited. In management's opinion the interim financial statements include all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of the financial position and results of operations and cash flows for these periods.

The results for the interim periods are not necessarily indicative of the results that may be expected for the full year.

Use of Estimates - Preparation of the financial statements requires the use of estimates. Scripps' financial statements include estimates for such items as income taxes payable and self-insured risks. Self-insured risks are primarily employee medical costs and disability income, workers' compensation, and general liability. The recorded liability for self-insured risks is not discounted. Management does not believe it is likely that its estimates for such items will change materially in the near term.

Consolidation - The consolidated financial statements include the accounts of Scripps and its majority-owned subsidiary companies.

Program Rights and Production Costs - Program rights are recorded at the time such programs become available for broadcast. Amortization is computed using the straight-line method based on the license period or based on usage, whichever yields the greater accumulated amortization for each program. The liability for program rights is not discounted for imputed interest.

Production costs represent costs incurred in the production of programming for distribution. Amortization of capitalized costs is based on the percentage of current period revenues to anticipated total revenues for each program.

Program and production costs are stated at the lower of unamortized cost or fair value. The portion of the unamortized balance expected to be amortized within one year is classified as a current asset.

Estimated fair values (which are based on current rates available to Scripps for debt of the same remaining maturity) and the carrying amounts of Scripps' program rights liabilities were as follows:

(in thousands)

| | (Unaudited) As of September 30, 1995 | | As of December 31, 1994 | | As of December 31, 1993 |
|---------------------------------------------------|-----------------------------------------------|--|-------------------------------|--|-------------------------------|
| Liabilities for programs available for broadcast: | | | | | |
| Carrying amount | \$ 78,700 | | \$ 48,300 | | \$ 64,300 |
| Fair value | 70,000 | | 42,800 | | 58,700 |

Goodwill and Other Intangible Assets - Goodwill and other intangible assets are stated at the lower of unamortized cost or fair value. Fair value is estimated based upon estimated future net cash flows. An impairment loss is recognized when the unamortized cost of the asset exceeds the undiscounted estimated future net cash flows. Goodwill represents the cost of acquisitions in excess of tangible assets and identifiable intangible assets received. Non-competition agreements are amortized on a straight-line basis over the terms of the agreements. Goodwill acquired after October 1970, customer lists, and other intangible assets are amortized on a straight-line basis over periods of up to 40 years. Goodwill acquired before November 1970 (\$6,600,000) is not amortized.

The Financial Accounting Standards Board ("FASB") issued Financial Accounting Standard ("FAS") No. 121 - Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of in March 1995. The standard requires that long-lived assets and certain identifiable intangible assets to be reviewed for impairment and that long-lived assets to be disposed of be reported at the lower of carrying amount or fair value less costs to sell. The standard, which Scripps is required to adopt in 1996, will not have any impact on Scripps' results of operations or financial position.

Property, Plant, and Equipment - Depreciation is computed using the straight-line method over estimated useful lives as follows:

| | |
|---------------------------------------------------|---------------|
| Buildings and improvements | 35 years |
| Newspaper presses | 20 years |
| Other newspaper production equipment | 5 to 10 years |
| Television transmitting towers | 15 years |
| Other television and program production equipment | 5 to 15 years |
| Office and other equipment | 5 to 10 years |

Interest costs related to major capital projects are capitalized and classified as property, plant, and equipment.

Income Taxes - Deferred income taxes are provided for temporary differences between the tax basis and reported amounts of assets and liabilities that will result in taxable or deductible amounts in future years. Scripps' temporary differences primarily result from accelerated depreciation and amortization for tax purposes and accrued expenses not deductible for tax purposes until paid. Also, Scripps received a tax certificate from the Federal Communications Commission upon the 1993 sale of the Memphis television and radio stations, enabling Scripps to defer payment of income taxes on the \$60,500,000 tax-basis gain for a minimum of two years.

Investments - Scripps adopted Statement of Financial Accounting Standards ("FAS") No. 115 - Accounting for Certain Investments in Debt and Equity Securities on December 31, 1993.

Investments in 20%- to 50%-owned companies and in all joint ventures are accounted for under the equity method. Investments in other debt and equity securities are classified as available for sale and are carried at fair value. Fair value is determined by reference to quoted market prices for those or similar securities. Unrealized gains or losses on those securities are recognized as a separate component of stockholders' equity. The cost of securities sold is determined by specific identification.

Newspaper Joint Operating Agencies - Scripps is currently a party to newspaper joint operating agencies ("JOAs") in five markets. A JOA combines all but the editorial operations of two competing newspapers in a market. In each JOA the managing party distributes a portion of JOA profits to the other party. Scripps manages the JOA in Evansville. The JOAs in Albuquerque, Birmingham, Cincinnati, and El Paso are managed by the other parties to the JOAs. Scripps managed the JOA in Pittsburgh prior to the sale of The Pittsburgh Press.

Scripps includes the full amount of company-managed JOA assets and liabilities, and revenues earned and expenses incurred in the operation of the JOA, in the consolidated financial statements. Distributions of JOA operating profits to the non-managing party are included in other operating expenses in the Consolidated Statements of Income.

For JOAs managed by the other party, Scripps includes distributions of JOA operating profits in operating revenues in the Consolidated Statements of Income. Scripps does not include any assets or liabilities of JOAs managed by other parties in its Consolidated Balance Sheets as Scripps has no residual interest in the net assets of the JOAs.

Inventories - Inventories are stated at the lower of cost or market. The cost of newsprint included in inventory is computed using the last in, first out ("LIFO") method. At December 31 newsprint inventories were approximately 65% of total inventories in 1994 and 62% in 1993. The cost of other inventories is computed using the first in, first out ("FIFO") method. Inventories would have been \$1,200,000 and \$200,000 higher at December 31, 1994 and 1993 if FIFO (which approximates current cost) had been used to compute the cost of newsprint.

Postemployment Benefits - Scripps adopted FAS No. 106 - Employers' Accounting for Postretirement Benefits Other Than Pensions in 1992. Postretirement benefits are recognized during the years that employees render service. Other postemployment benefits, such as disability-related benefits and severance, are recognized when the benefits become payable.

Stock-Based Compensation - The FASB issued FAS No. 123 - Accounting for Stock-Based Compensation in October 1995. The standard defines a fair value based method of accounting for stock-based compensation, but permits compensation expense to continue to be measured using the intrinsic value based method previously used. Scripps intends to continue measuring compensation expense using the intrinsic value based method and under the provisions of the standard, which must be adopted in 1996, will be required to make pro forma disclosures of net income and earnings per share as if the fair value method had been used. Pro forma net income and earnings per share for the nine months ended September 30, 1995 have not been quantified.

Cash and Cash Equivalents - Cash and cash equivalents represent cash on hand, bank deposits, and highly liquid debt instruments with an original maturity of up to three months. Cash equivalents are stated at cost plus accrued interest, which approximates fair value.

Short-term Investments - Short-term investments represent excess cash invested in securities not meeting the criteria to be classified as cash equivalents. Short-term investments primarily consist of preferred stocks, and are carried at cost plus accrued dividends, which approximates fair value.

Net Income Per Share - Net income per share computations are based upon the weighted average common shares outstanding. Common stock equivalents in the form of stock options are excluded from the computations as they have no material effect on the per share amounts. Weighted average shares outstanding were as follows:

(in thousands)

| | (Unaudited) | | | For the years ended | |
|-------------------------------------|---------------------------|--------|--------|---------------------|--------|
| | For the nine months ended | | | December 31, | |

| Weighted average shares outstanding | 79,930 | 75,059 | 76,246 | 74,650 | 74,602 |

2. ACQUISITIONS AND DIVESTITURES

Acquisitions

1994 - Scripps acquired the remaining 13.9% minority interest in Scripps Howard Broadcasting Company in exchange for 4,952,659 shares of Class A Common stock. Scripps acquired Cinetel Productions (an independent producer of programs for cable television).

1993 - Scripps acquired the remaining 2.7% minority interest in the Knoxville News-Sentinel for \$2,800,000. Scripps purchased 5.7% of the outstanding shares of Scripps Howard Broadcasting Company for \$28,900,000.

1992 - Scripps purchased three daily newspapers in California (including The Herald in connection with the sale of The Pittsburgh Press - see Note 2B).

The following table presents additional information about the acquisitions:

| Liabilities assumed | | | | (1,227) |
| Total acquisitions | \$ 17,986 | \$ 21,621 | \$ 31,773 | \$ 30,414 |

The acquisitions have been accounted for as purchases. The acquired operations have been included in the Consolidated Statements of Income from the dates of acquisition. Pro forma results are not presented because the combined results of operations would not be significantly different from the reported amounts.

Divestitures

Scripps divested the following operating units:

1995 - Newspaper in Watsonville, California.

1993 - Book publishing; newspapers in Tulare, California, and San Juan; Memphis television station; radio stations.

1992 - The Pittsburgh Press; TV Data; certain other investments.

The following table presents additional information about the divestitures:

3. UNUSUAL CREDITS AND CHARGES

1994 - Scripps sold its worldwide Garfield and U.S. Acres copyrights. The sale resulted in a pre-tax gain of \$31,600,000, \$17,400,000 after tax, \$.23 per share.

Scripps' three television stations that had been Fox affiliates changed their network affiliation. In connection with the change certain program rights were expected to be sold at an estimated loss of \$7,900,000. Two of the stations are constructing new buildings to accommodate expanded local news staffs, and currently owned real estate will be sold at an estimated loss of \$2,800,000. These estimated losses were recorded in 1994, reducing net income \$6,600,000, \$.09 per share.

Scripps made a special contribution of 589,165 shares of Turner Broadcasting Class B common stock to a charitable foundation. The contribution reduced pre-tax income by \$8,000,000 and net income by \$4,500,000, \$.06 per share.

Management changed its estimate of the tax liability for prior years as a result of an audit by the Internal Revenue Service ("IRS"). The adjustment decreased net income by \$5,300,000, \$.07 per share (see Note 4).

Scripps accrued an estimate of the ultimate costs of certain lawsuits associated with divested operating units. The accrual reduced net income by \$3,600,000, \$.05 per share.

1993 - Operating results include net pre-tax gains of \$91,900,000, \$46,800,000 after-tax, \$.63 per share (see Note 2).

Management changed the estimate of the additional amount of music license fees Scripps would owe when a dispute between the television industry and the American Society of Composers, Authors and Publishers ("ASCAP") was resolved. The adjustment increased operating income \$4,300,000 and net income \$2,300,000, \$.03 per share.

Scripps realized a \$1,100,000 gain on sale of certain publishing equipment and received a \$2,500,000 fee in connection with the sale of the Ogden, Utah, Standard Examiner, increasing net income \$2,300,000, \$.03 per share.

Scripps recorded a \$6,300,000 restructuring charge. The charge reduced net income \$3,600,000, \$.05 per share.

Management changed its estimate of the tax liability for prior years (see Note 4). The adjustment increased net income \$5,400,000, \$.07 per share. The federal income tax rate was increased to 35% from 34%. The effect on Scripps' deferred tax liabilities reduced net income \$2,300,000, \$.03 per share.

1992 - Operating results include pre-tax gains of \$78,000,000, \$45,600,000 after-tax, \$.61 per share (see Note 2).

The Pittsburgh Press was not published after May 17 due to a strike. Reported 1992 results include operating losses of \$32,700,000 and net losses of \$20,200,000, \$.27 per share, during the strike period.

Management changed its estimate of the tax liability for prior years (see Note 4). The adjustment increased net income \$8,400,000, \$.11 per share.

Scripps reduced the carrying value of certain property and investments to estimated realizable value. The resultant \$3,500,000 charge reduced net income \$2,300,000, \$.03 per share.

4. INCOME TAXES

In 1995 Scripps reached agreement with the IRS to settle the audits of its 1985 through 1988 tax returns. There was no effect on net income as a result of the settlement. The IRS is currently examining Scripps' consolidated income tax returns for the years 1988 through 1991. Pursuant to the terms of the Merger New Scripps will indemnify Comcast, on an after-tax basis, against all tax liabilities of Scripps attributable to periods prior to completion of the Merger.

In 1992 management changed its estimate of the tax liability for prior years, increasing net income \$8,400,000, \$.11 per share. In 1993 management changed its estimate of the tax basis and lives of certain intangible assets. The resulting change in the estimated tax liability for prior years increased net income \$5,400,000, \$.07 per share. In 1994 the IRS proposed adjustments related to those intangible assets. Based upon the proposed adjustments management again changed its estimate of the tax liabilities for prior years, decreasing net income in 1994 \$5,300,000, \$.07 per share.

Management believes that adequate provision for income taxes has been made for all open years.

The approximate effects of the temporary differences giving rise to Scripps' deferred income tax liabilities (assets) are as follows:

| Weighted average interest rate on Variable Rate Credit Facilities at December 31 | | | 3.4% |

* Fair value is estimated based on current rates available to New Scripps for debt of the same remaining maturity.

Scripps has a Competitive Advance/Revolving Credit Agreement ("Variable Rate Credit Facility") which expires in September 1996 and permits maximum borrowings up to \$50,000,000. Maximum borrowings under the Variable Rate Credit Facility are changed as Scripps' anticipated needs change and are not indicative of Scripps' short-term borrowing capacity. The Variable Rate Credit Facility may be extended upon mutual agreement.

Certain long-term debt agreements contain maintenance requirements on net worth and coverage of interest expense and restrictions on dividends and incurrence of additional indebtedness.

Pursuant to the terms of the Merger, Scripps will retire or defease its 7.375% notes due in 1998.

Interest costs capitalized were as follows:

| (in thousands) | (Unaudited) For the nine months ended September 30, | | For the years ended December 31, | | |

8.EMPLOYEE BENEFIT PLANS

Scripps sponsors defined benefit plans covering substantially all non-union employees. Benefits are generally based on the employees' compensation and years of service. Funding is based on the requirements of the plans and applicable federal laws.

Scripps also sponsors defined contribution plans covering substantially all non-union employees. Scripps matches a portion of employees' voluntary contributions to these plans.

Union-represented employees are covered by retirement plans jointly administered by subsidiaries of Scripps and the unions or by union-administered, multi-employer plans. Funding is based upon negotiated agreements.

Retirement plans expense consisted of the following:

(in thousands)

| | For the years ended December 31, | | |
|-------------------------------------------------------------------------------------|-------------------------------------|----------|----------|
| | 1994 | 1993 | 1992 |
| Service cost | \$ 8,729 | \$ 7,819 | \$ 7,832 |
| Interest cost | 11,509 | 13,111 | 14,026 |
| Actual return on plan assets | 1,637 | (13,487) | (13,404) |
| Net amortization and deferral | (14,990) | (2,619) | (4,860) |
| Defined benefit plans | 6,885 | 4,824 | 3,594 |

| Defined contribution plans | 3,573 | 3,570 | 3,754 |
| Total | 11,486 | 9,438 | 9,012 |
| Curtailment losses (gains) included in gain on the sales of subsidiary companies | | 253 | (3,632) |
| Total retirement plans expense | \$ 11,486 | \$ 9,691 | \$ 5,380 |

Assumptions used in the accounting for the defined benefit plans were as follows:

| | 1994 | 1993 | 1992 |
|--------------------------------------------------|------|------|------|
| Discount rate as of December 31 | 8.5% | 7.0% | 8.0% |
| Expected long-term rate of return on plan assets | 9.5% | 8.0% | 9.0% |
| Rate of increase in compensation levels | 5.0% | 3.5% | 4.5% |

The funded status of the defined benefit plans at December 31 was as follows:

(in thousands)

| | 1994 | 1993 | 1992 |
|-----------------------------------------------------------------------------------|--------------|--------------|--------------|
| Actuarial present value of vested benefits | \$ (121,602) | \$ (133,754) | \$ (130,236) |
| Actuarial present value of accumulated benefits | \$ (130,126) | \$ (142,751) | \$ (138,029) |
| Actuarial present value of projected benefits | \$ (159,871) | \$ (176,212) | \$ (166,960) |
| Plan assets at fair value | 155,283 | 171,837 | 176,895 |

| Net pension asset (liability) recognized in the balance sheet | \$ (2,181) | \$ 4,270 | \$ 7,468 |

Plan assets consist of marketable equity and fixed-income securities.

Scripps has unfunded health and life insurance benefit plans that are provided to certain retired employees. The combined number of 1) active employees eligible for such benefits and 2) retired employees receiving such benefits is approximately 5% of Scripps' current workforce. The actuarial present value of the projected benefit obligation at December 31 was \$6,900,000 in 1994 and \$6,300,000 in 1993. The cost of the plan was: 1994, \$500,000; 1993, \$600,000; and 1992, \$600,000 (excluding \$3,200,000 related to divested operating units).

9. SEGMENT INFORMATION

The Other segment includes book publishing operations which were sold in 1993 and TV Data which was sold in 1992.

Broadcasting operating income in 1994 was reduced by \$7,900,000 as a result of the program rights write-down and was increased in 1993 by \$4,300,000 as a result of the change in estimate of the additional amount of copyright fees owed ASCAP (see Note 3).

Financial information relating to Scripps' business segments is as follows:

Corporate assets are primarily cash, investments, and refundable and deferred income taxes.

10. COMMITMENTS AND CONTINGENCIES

Scripps accrued an estimate of the ultimate costs of certain lawsuits associated with divested operating units (see Note 3). Scripps is also involved in other litigation arising in the ordinary course of business, none of which is expected to result in material loss.

At December 31, 1994 Scripps was committed to purchase approximately \$118,000,000 of program rights that are not currently available for broadcast, including programs not yet produced. If such programs are not produced Scripps' commitment would expire without obligation.

Minimum payments on non-cancelable leases at December 31, 1994 were as follows:

(in thousands)

| | | |
|-------------|----|--------|
| 1995 | \$ | 10,400 |
| 1996 | | 8,800 |
| 1997 | | 7,800 |
| 1998 | | 7,700 |
| 1999 | | 7,900 |
| Later years | | 42,200 |
| Total | \$ | 84,800 |

Rental expense for cancelable and non-cancelable leases was as follows:

11. CAPITAL STOCK AND INCENTIVE PLANS

The capital structure of Scripps includes Common Voting Stock and Class A Common Stock. The articles of Scripps provide that the holders of Class A Common Stock, who are not entitled to vote on any other matters except as required by Delaware law, are entitled to elect the greater of three or one-third of the directors.

In connection with the Transactions, New Scripps will be recapitalized to include Common Voting Shares and Class A Common Shares and the Articles of Incorporation of New Scripps will be further amended to provide for substantially the same shareholder voting rights and other terms as the Scripps certificate of incorporation currently provides for. New Scripps will issue to Scripps: (i) a number of New Scripps Common Voting Shares equal to the number of shares of Scripps Common Voting Stock then outstanding and (ii) a number of New Scripps Class A Common Shares equal to the number of shares of Scripps Class A Common Stock then outstanding. These shares will then be distributed to Scripps' shareholders in the Spin-Off.

Pursuant to the Transactions, New Scripps will assume Scripps' incentive plans. The 1987 Long-Term Incentive Plan ("1987 Plan") provides for the awarding of stock options, stock appreciation rights, performance units, and Class A Common stock to key employees. The number of shares authorized for issuance under the 1987 Plan is 3,250,000.

Stock options may be awarded to purchase Class A Common stock at not less than 100% of the fair market value on the date the option is granted. Stock options will vest over an incentive period, conditioned upon the individual's employment through that period. The plan expires on December 9, 1997, except for options then outstanding. In connection with the Transactions, the number of options and the option price will be adjusted based on the average market price of Scripps Class A Common Stock for a specified time before the Transactions are completed, and of New Scripps Class A Common Shares after the Transactions are completed. The number of options outstanding is expected to increase and the option exercise price is expected to decrease in order to preserve the economic value of the outstanding options.

Information related to stock options is as follows:

| | Number of Shares | Price per Share |
|-----------------------------------|---------------------|--------------------|
| Outstanding at December 31, 1991 | 1,027,300 | \$16 - 24 |

Options issued to employees of Scripps Cable totaled 221,750 at September 30, 1995, of which 140,750 were exercisable. Options issued to employees of Scripps Cable will vest and become exercisable upon completion of the Transactions.

Awards of Class A Common Stock will vest over an incentive period, conditioned upon the individual's employment throughout that period. During the vesting period shares issued are non-transferable, but the shares are entitled to all the rights of an outstanding share. Upon vesting, when the stock awards become taxable to the employees, additional awards of cash may also be made.

| Net income | \$ 28,650 | \$ 14,130 | \$ 29,887 | \$ 23,775 | \$ 14,959 |

In 1994 customers of the Sacramento system were awarded special rebates totaling \$3,000,000 in connection with litigation concerning the system's pricing in the late 1980s. The rebates reduced net income \$1,600,000. Also in 1994 Scripps Cable accrued \$6,500,000 as an estimate of the ultimate costs of certain lawsuits. The accrual reduced net income \$4,200,000.

In 1992 management changed its estimate of a tax deduction received in the redemption of a partnership interest in certain of its cable television systems. The resulting change in the liability for prior year income taxes decreased net income \$8,400,000. In 1994 the IRS proposed adjustments related to certain intangible assets and the redemption of the partnership interest. Based upon the proposed adjustments management again changed its estimate of the tax liabilities for prior years. The resulting change in the liability for prior year income taxes increased 1994 net income \$11,800,000.

The sum of the quarterly net income per share amounts may not equal the reported annual amount and the sum of the income from continuing operations per share and the income from discontinued operations per share may not equal the net income per share amount because each is computed independently based upon the weighted average number of shares outstanding for that period.

DESCRIPTION OF SCRIPPS CABLE

BUSINESS

General - Scripps Cable operates cable television systems in Florida, California, Colorado, Georgia, Indiana, Kentucky, South Carolina, Tennessee, Virginia, and West Virginia. In the periods between January 1, 1990 and September 30, 1995, Scripps Cable purchased several cable television systems adjacent to existing service areas.

Cable television delivers a variety of channels and television programming, primarily video entertainment and informational programming, to subscribers who pay a monthly fee for the services they receive. Television and radio signals are received off-air or via satellite delivery by antennas, microwave relay stations and satellite earth stations and are modulated, amplified and distributed over a network of coaxial and fiber optic cable to the subscribers' television sets. Cable television systems generally operate pursuant to non-exclusive franchises awarded by local governmental authorities for specified periods of time.

Subscriber information as of the end of the past five years and at September 30, 1995 for Scripps Cable systems is as follows:

Scripps Cable systems carry a wide variety of entertainment and information services. Basic cable generally consists of video programming broadcast by local television stations, locally produced programming, public, educational and government access channels, and distant broadcast television signals. Federal law requires customers to purchase the basic cable package in order to receive additional services. Advertiser-supported video programming such as ESPN and CNN and other entertainment and information services are included in various cable programming service packages. Premium programming consists of non-advertiser-supported entertainment services such as Home Box Office and Showtime. A customer generally pays an initial installation charge and fixed monthly fees for basic, cable programming, premium programming and other services, such as the rental of converters and remote control devices. These monthly fees constitute the primary source of revenues for Scripps Cable's systems.

Certain of Scripps Cable systems are equipped with addressable decoding converters which enable the systems to offer interactive services, such as pay-per-view programming, for which the systems charge additional fees. Addressable decoding converters also enable the systems to change customer services without visiting the customer's home. Most of Scripps Cable's systems also offer customers home shopping services, which pay the systems a share of revenues from sales of products in the systems' service areas. The systems also receive revenue from the sale of available advertising spots on advertiser-supported programming.

Rates for cable television services are established by each system. Pursuant to the Cable Television Consumer Protection Act of 1992 (the "1992 Cable Act") the Federal Communications Commission ("FCC") adopted regulations that permit franchising authorities to set rates for basic service and the provision of cable related equipment. To the extent that existing rates are found to exceed those permitted by the FCC, franchising authorities are able to require cable television systems to reduce the rates and provide refunds for up to a one-year period initially calculated from the effective date of the FCC's regulations. The FCC will also, upon a complaint by a customer or franchising authority, determine whether rates for regulated non-basic service tiers (except for service offered on a per-channel or per-program basis) are unreasonable and, if so found, reduce such rates and provide refunds from the date of such complaint. In addition, the FCC's regulations, as they now stand, limit the ability to increase revenues by increasing rates for regulated services. It is possible that, pursuant to further review by the franchising authorities and the FCC, certain additional rate reductions may be required.

Basic and cable service tier complaints have been filed against Scripps Cable systems with local franchise authorities and with the FCC's Cable Services Bureau, several of which have been resolved. Basic and cable service tier refunds ordered to date total less than \$300,000. A number of basic and cable service tier complaints remain undecided. Management does not expect the refunds to be awarded, if any, to have a material impact on Scripps Cable's results of operations or financial position.

Various cable operators have initiated litigation challenging certain aspects of the 1992 Cable Act. The constitutionality of the basic scheme of rate regulation under the 1992 Cable Act has been upheld by a federal district court, and the FCC's rate regulation rules were upheld by a federal appeals court in June 1995. An appeal of that decision has been filed with the United States Supreme Court. The outcome of the remainder of this litigation can not be predicted. Management of Scripps Cable believes that the regulation of the cable television industry, including the rates charged for regulated services under present FCC rules and the cable industry's restructuring of rates and services in response to the 1992 Cable Act, remain a matter of interest to Congress, the FCC and other regulatory authorities. There can be no assurances as to what, if any, future actions such legislative and regulatory authorities may take or the effect thereof on Scripps Cable.

Competition - Cable television systems are operated under franchises granted by local authorities which are subject to renewal and re-negotiation from time to time. The 1992 Cable Act prohibits franchising authorities from granting exclusive cable television franchises and from unreasonably refusing to award additional competitive franchises; it also permits municipal authorities to operate cable television systems in their communities without a franchise. Therefore, there is a potential for direct competition in Scripps Cable's franchise areas.

All of Scripps Cable's systems compete for subscribers with other methods of delivering entertainment and information programming to the subscriber's home, such as broadcast television, multi-channel, multi-point distribution systems, master and satellite antenna systems, direct broadcast satellite services, and home systems such as video cassette and laser disc players. Management of Scripps Cable believes competition will increase as new technologies such as more advanced "wireless cable systems" and broadcast satellite delivery services improve and gain consumer acceptance. The attractiveness of cable television compared to satellite delivery systems may be enhanced now that most satellite-distributed program signals are being electronically scrambled to permit reception only with authorized decoding equipment, generally at a cost to the viewer, making unauthorized reception of such scrambled signals by earth station viewers more difficult.

In the past federal cross-ownership restrictions have limited entry into the cable television business by potentially formidable competitors, such as the telephone companies. Recent court and administrative decisions have removed certain of the restrictions, and proposals recently under consideration by Congress and cases currently pending in the courts could result in the elimination of other such restrictions. While the regulatory scheme for telephone company offerings of video services remains uncertain, telephone companies are beginning to offer FCC-approved trials of such services. One such trial is being pursued by Bell South in a segment of Scripps Cable's Atlanta, Georgia cluster. Most observers believe that the telephone companies will be formidable competitors in offering video services and that their entry into the video market will hasten consumer demand for interactive telecommunications capabilities through any system providing video services. State regulations, however, in many cases restrict a cable operator's ability to offer competing interactive telecommunications services. (See "Regulation and Legislation.") Relatedly, many observers believe that competition from the telephone companies in the video marketplace will impose on cable operators the need to serve a sufficiently large number of subscribers in contiguous regions so as to permit the cable operator to compete in the offering of interactive telecommunications services.

Management of Scripps Cable cannot predict the extent to which competition will materialize from other cable television operators, other distribution systems for delivering video programming to the home, or other potential competitors, or to the extent of its effect on Scripps Cable's systems.

Programming - Scripps Cable purchases programming from a variety of suppliers, the charge for which is generally based upon the number of subscribers receiving the service. Program costs have risen in recent years and are expected to continue to increase due to additional programming offered subscribers, increased costs to produce or purchase programming, regulation and other factors. Program costs as a percentage of basic and premium programming service revenues have also risen in recent years due to reductions in basic revenue per subscriber as a result of re-regulation (see "Revenues and Pricing") and to discounts offered to subscribers receiving multiple premium channels.

Under the Copyright Act of 1976 cable television system operators are granted compulsory licenses permitting the carriage of the copyrighted works of local and distant broadcast signals for a statutory fee. The Copyright Royalty Tribunal is empowered to review and adjust such fees. FCC rules on syndicated exclusivity provide that if a local broadcast licensee has purchased the exclusive local distribution rights for a particular syndicated program, such licensee is generally entitled to insist that a local cable television system operator delete that program from any distant television signal carried by the cable television system.

Under the 1992 Cable Act local broadcast stations may require cable television operators to pay a fee for the right to continue to carry their local television signals. Alternatively, a local broadcaster may demand carriage under the 1992 Cable Act's "must-carry" provisions.

Regulation and Legislation - The cable television industry is subject to extensive regulation on the federal, state, and local levels. Many aspects of such regulations are currently the subject of judicial proceedings and administrative or legislative proposals. The 1992 Cable Act has significantly expanded the scope of cable television regulation. The FCC was required to complete a number of rule-making proceedings under the 1992 Cable Act, the majority of which, including certain of those related to rate regulation (see "Revenues and Pricing"), have been completed.

The 1992 Act, among other things: (i) reimposed rate regulations on most cable television systems (see "Revenues and Pricing"); (ii) reimposed "must carry" rules with respect to local broadcast television signals; (iii) granted all broadcasters the option to refuse carriage of their signals; (iv) required that vertically integrated cable television companies not unreasonably refuse to deal with any multichannel programming distributor or discriminate in the price, terms, and conditions of carriage of programming between cable television operators and other multichannel programming distributors if the effect would be to impede retail competition; and (v) established cross-ownership rules with respect to cable television systems and direct broadcast satellite systems, multi-channel multipoint distribution systems, and satellite master antenna systems.

The provisions of local cable television franchises are subject to federal regulation under the Cable Communications Policy Act of 1984 (the "1984 Act"). Pursuant to the 1984 Act, local franchising authorities are given the right to award and renew one or more franchises for the community over which they have jurisdiction, the fees for which are prohibited from exceeding 5% of a cable television system's gross annual revenues.

It is generally agreed that there is a need for a substantial revision of the statutes governing telecommunications, and the relationship between cable television and telephone services is a substantial part of the on-going legislative effort to accomplish that goal. While legislation is by no means assured, changes could bring some relief to cable operators from the 1992 rate regulation requirements as well as provide a frame work for telephone company competition in the delivery of video services.

Management believes Scripps Cable is in substantial compliance with all applicable regulatory requirements.

SELECTED FINANCIAL DATA

The following selected combined financial data are derived from the combined financial statements of Scripps Cable. The data should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations of Scripps Cable" and the combined financial statements and notes thereto included elsewhere herein. The income statement data for the years ended December 31, 1994, 1993, and 1992 and the balance sheet data as of December 31, 1994 and 1993 have been derived from the audited combined financial statements of Scripps Cable. The income statement data for the years ended December 31, 1991 and 1990 and the nine months ended September 30, 1995 and 1994, and the balance sheet data as of September 30, 1995 and 1994 and as of December 31, 1992, 1991, and 1990 are derived from the unaudited combined financial statements of Scripps Cable, which, in the opinion of management, include all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of financial position and results of operations for such periods. Operating results for the nine month periods ended September 30 are not necessarily indicative of results that may be expected for the full year or for future interim periods.

Scripps Cable acquired several cable television systems adjacent to existing service areas in the periods presented. In 1995 Scripps Cable sold its Barbourville, Ky. system.

In 1994 customers of the Sacramento cable television system were awarded special rebates in connection with litigation concerning the system's pricing in the late 1980s. The rebates and related legal fees totaled \$3.0 million and reduced net income \$1.7 million. In the fourth quarter of 1994 Scripps Cable accrued \$6.5 million as an estimate of the ultimate costs of certain lawsuits. The accrual reduced 1994 net income \$4.0 million.

In 1992 management changed its estimate of a tax deduction related to the redemption of a partnership interest in certain of Scripps Cable's cable television systems. The resulting change in the liability for prior year income taxes decreased 1992 net income \$8.4 million. In the fourth quarter of 1994 the Internal Revenue Service proposed adjustments related to certain intangible assets and the redemption of the partnership interest. Based upon the proposed adjustments management again changed its estimate of the tax liabilities for prior years. The resulting change in the liability for prior year income taxes and the deferred income tax liability increased 1994 net income \$11.8 million.

In 1991 Scripps Cable settled a lawsuit alleging violations of antitrust and unfair trade practice laws. The settlement and related legal fees totaled \$12.0 million and reduced net income \$7.9 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF SCRIPPS CABLE

Scripps Cable's revenues are primarily earned from subscriber fees for basic, cable programming and premium television services (including pay-per-view programming), and the rental of converters and remote control devices. Historically Scripps Cable's revenue growth has been primarily achieved through internal subscriber growth, acquisitions, and increases in rates for services provided to cable television subscribers. Regulations adopted by the Federal Communications Commission ("FCC") pursuant to the 1992 Cable Act have affected Scripps Cable's ability to increase rates for certain subscriber services or to restructure its rates for certain services. The rate regulation, which is described more fully under "Revenues and Pricing" in this Form 8-K, is generally intended to reduce subscriber rates and to limit future rate increases for basic and certain other cable programming services.

RESULTS OF OPERATIONS

Earnings before interest, income taxes, corporate management fees, depreciation, and amortization ("EBITDA") is included in the discussion of results of operations because:

Changes in depreciation and amortization are often unrelated to current performance. Management believes the year-over-year change in EBITDA is a more useful measure of year-over-year performance than the change in operating income because, combined with information on capital spending plans, it is a more reliable indicator of results that may be expected in future periods.

Financial analysts use EBITDA to value cable television businesses.

Acquisitions of cable television businesses are based on multiples of EBITDA.

EBITDA should not, however, be construed as an alternative measure of the amount of Scripps Cable's income or cash flow from operating activities.

Combined results of operations are as follows:

The following items affected the comparability of the Scripps Cable reported results of operations:

In 1995 Scripps Cable sold its cable television system in Barbourville, Kentucky. The sale resulted in a pre-tax gain of \$1.5 million, \$0.9 million after-tax.

In 1994 customers of the Sacramento cable television system were awarded special rebates in connection with litigation concerning the system's pricing in the late 1980s. The rebates and related legal fees totaled \$3.0 million and reduced 1994 nine month and full year net income \$1.7 million.

In the fourth quarter of 1994 Scripps Cable accrued \$6.5 million as an estimate of the ultimate costs of certain lawsuits. The accrual reduced 1994 net income \$4.0 million.

In 1992 management changed its estimate of a tax deduction related to the redemption of a partnership interest in certain of Scripps Cable's cable television systems. The resulting change in the liability for prior year income taxes decreased 1992 net income \$8.4 million. In the fourth quarter of 1994 the Internal Revenue Service proposed adjustments related to certain intangible assets and the redemption of the partnership interest. Based upon the proposed adjustments management again changed its estimate of the tax liabilities for prior years. The resulting change in the liability for prior year income taxes and the deferred income tax liability increased 1994 net income \$11.8 million.

Rate regulations adopted by the FCC significantly affected Scripps Cable's operating results in 1994 and in 1993. The effects of price decreases resulting from the regulations were partially offset by subscriber growth in 1994. After declining year-over-year for five straight quarters, EBITDA increased in the fourth quarter of 1994 and in each quarter of 1995.

Program costs have increased due to the growth in the number of subscribers, additional programming offered subscribers, and increased costs to produce or purchase programming. Program costs as a percentage of basic and premium programming service revenues increased sharply in 1994 due to the full-year impact of rate regulation on revenues.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow from operating activities was \$56.7 million in 1994, \$65.4 million in 1993, and \$51.4 million in 1992. The decrease in 1994 was primarily due to the effects of rate regulation. Cash flow from operating activities was \$62.0 million for the nine months ended September 30, 1995 compared to \$43.7 million in the 1994 nine month period. The increase was primarily due to improved operating performance.

In the third quarter of 1995 Scripps Cable reached an agreement to acquire cable television systems adjacent to its Knoxville and Chattanooga systems for \$62.5 million. The acquisition is expected to be completed by the first quarter of 1996. Scripps Cable invests heavily in its cable plant, continually replacing and modernizing its technology by rebuilding and upgrading its systems with fiber optic cable. Capital expenditures decreased in 1994 as the rebuilds of the Knoxville and Chattanooga systems were substantially completed. Acquisitions of cable television systems and capital expenditures are financed through cash flow from operating activities and, if necessary, additional advances.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders,
The E.W. Scripps Company:

We have audited the accompanying combined balance sheets of The E.W. Scripps Company ("EWS") Cable Television Operations ("Scripps Cable") (see Note 1) as of December 31, 1994 and 1993, and the related combined statements of income and retained earnings and of cash flows for each of the three years in the period ended December 31, 1994. These financial statements are the responsibility of EWS's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such combined financial statements present fairly, in all material respects, the financial position of Scripps Cable at December 31, 1994 and 1993, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 1994 in conformity with generally accepted accounting principles.

SCRIPPS CABLE
NOTES TO COMBINED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The combined financial statements of The E.W. Scripps Company ("Scripps") Cable Television Operations ("Scripps Cable") include EWS Cable Company ("EWSCC") - 100 shares of no-par capital stock authorized, 50 shares issued and outstanding; L-R Cable Company ("LRCC") - 100 shares of no-par capital stock authorized, 50 shares issued and outstanding; Scripps Howard Cable Company ("SHCC") - 100 shares of no-par capital stock authorized, 80 shares issued and outstanding; and Scripps Howard Cable Company of Sacramento ("SHCCS") - 2,000 shares of no-par capital stock authorized, 100 shares issued and outstanding.

EWSCC and LRCC are wholly-owned subsidiaries of Scripps Howard, Inc. ("SHI"). SHCC and SHCCS are wholly-owned subsidiary companies of Scripps Howard Broadcasting Company ("SHB"). Prior to 1993 SHB was 86%-owned by SHI. SHI acquired 5.7% of the outstanding shares of SHB in 1993 and Scripps acquired the remaining minority interest in SHB in 1994 (see Note 2).

The historical basis in assets and liabilities of the cable television systems has been carried over. The historical combined financial statements do not necessarily reflect the results of operations or financial position that would have existed if Scripps Cable were an independent company. SHI provides certain legal, treasury, accounting, tax, risk management and other corporate services to Scripps Cable (see Note 7).

Nature of Business - Scripps Cable operates cable television systems in several states in the southeastern United States, Colorado, and Sacramento, California.

Unaudited Interim Financial Statements - The combined financial statements as of September 30, 1995 and for the nine months ended September 30, 1995 and 1994 are unaudited. In management's opinion the interim financial statements include all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of the financial position and results of operations and cash flows for these periods.

The results for the interim periods are not necessarily indicative of the results that may be expected for the full year.

Cash and Cash Equivalents - Cash and cash equivalents represent cash on hand, bank deposits, and highly liquid debt instruments with an original maturity of up to three months. Cash equivalents are stated at cost plus accrued interest, which approximates fair value (see Note 7).

Inventories - Inventories include converters, remote controls, and supplies used to install and maintain cable television services. Inventories are stated at the lower of cost or market. Cost is computed using the first in, first out ("FIFO") method.

Property, Plant, and Equipment - Property, plant, and equipment is recorded at cost. Costs of constructing transmission and distribution systems are capitalized. Maintenance and repairs are expensed as incurred.

Depreciation is computed using the straight-line method over estimated useful lives as follows:

| | |
|--------------------------------------------------------|----------------|
| Buildings and improvements | 35 years |
| Cable television transmission and distribution systems | 10 to 15 years |
| Other cable television equipment | 5 to 10 years |
| Office and other equipment | 3 to 10 years |

Goodwill and Other Intangible Assets - Goodwill and other intangible assets are stated at the lower of unamortized cost or fair value. At each balance sheet date management reviews the realizability of goodwill and other intangible assets based upon undiscounted estimated future net cash flows of regional groupings of cable television systems. An impairment loss is recognized when the unamortized cost of the assets of a grouping of cable television systems exceeds the undiscounted estimated future net cash flows.

Goodwill represents the cost of acquisitions in excess of tangible assets and identifiable intangible assets received and also includes the excess of cost over book value of shares purchased from minority SHB shareholders allocated to Scripps Cable. Goodwill is amortized on the straight-line basis over periods of up to forty years.

Cable television franchises are amortized on the straight-line basis generally over the remaining terms of acquired cable systems' franchise agreements. Non-competition agreements are amortized on the straight-line basis over the terms of the agreements. Other intangible assets are amortized on the straight-line basis over estimated useful lives not exceeding forty years.

Income Taxes - Scripps Cable is included in the consolidated federal tax return of Scripps.

The provision (credit) for income taxes is generally prepared as if Scripps Cable filed a separate return, however tax benefits for taxable losses and other deductions that would be limited if Scripps Cable were an independent company are recognized currently if such losses and benefits are utilized in the consolidated Scripps provision.

Deferred income taxes are provided for temporary differences between the tax basis and reported amounts of assets and liabilities that will result in taxable or deductible amounts in future years. Scripps Cable's temporary differences primarily result from accelerated depreciation and amortization for tax purposes and accrued expenses not deductible for tax purposes until paid.

Postemployment Benefits - Scripps adopted FAS No. 106 - Employers' Accounting for Postretirement Benefits Other Than Pensions in 1992. Postretirement benefits are recognized during the years that employees render service. Scripps Cable has no significant postretirement benefit obligations. Other postemployment benefits, such as disability-related benefits and severance, are recognized when the benefits become payable.

Self-Insurance - Scripps is primarily self-insured for employee health, workers' compensation, and general liability insurance. Self-insurance liabilities are estimated based upon claims filed and estimated claims incurred but not reported. The cost of such insurance is allocated to Scripps Cable based upon estimated claims. The self-insurance liabilities are not discounted and are classified as Advances From Parent Company in the accompanying Combined Balance Sheets.

Revenue Recognition - Scripps Cable bills its customers in advance and recognizes revenue as cable television services are provided. Credit risk is managed by disconnecting services to delinquent customers. Installation revenues are generally less than direct selling and installation costs and are recognized on the date of installation.

2. ACQUISITIONS AND DIVESTITURES

Acquisitions

In the third quarter of 1995 SHB reached an agreement to acquire cable television systems adjacent to the Knoxville and Chattanooga systems for \$62,500,000.

Scripps Cable acquired several cable television systems adjacent to existing service areas in the three years ended December 31, 1994.

In 1993 SHI acquired 5.7% of the outstanding shares of SHB and in 1994 Scripps acquired the remaining minority interest in SHB. The excess of the cost over the book value of the shares related to SHB's cable television operations has been recorded as goodwill by Scripps Cable.

The following table presents additional information about the acquisitions:

(in thousands)

| Total | \$ 259 | \$ 26,361 | \$ 26,501 | \$ 7,121 | 2,471 |

The acquisitions have been accounted for as purchases. The acquired operations have been included in the Combined Statements of Income from the dates of acquisition. Pro forma results are not presented because the combined results of operations would not be significantly different from the reported amounts.

Divestitures

In 1995 Scripps Cable sold its cable television system in Barbourville, Kentucky. The sale resulted in a pre-tax gain of \$1,502,000.

3. INCOME TAXES

The IRS is currently examining Scripps' consolidated income tax returns for the years 1988 through 1991. In 1995 Scripps reached agreement with the IRS to settle the audits of its 1985 through 1987 tax returns. There was no charge to income as a result of the settlement.

In 1992 management changed its estimate of a tax deduction received in the redemption of a partnership interest in certain of its cable television systems. The resulting change in the liability for prior year income taxes decreased net income \$8,400,000. In 1994 the IRS proposed adjustments related to certain intangible assets and the redemption of the partnership interest. Based upon the proposed adjustments management again changed its estimate of the tax liabilities for prior years. The resulting change in the liability for prior year income taxes and the deferred income tax liability increased 1994 net income \$11,800,000.

Management believes that adequate provision for income taxes has been made for all open years.

The approximate effects of the temporary differences giving rise to Scripps Cable's deferred income tax liabilities (assets) are as follows:

(in thousands)

| | December 31, | |
|---------------------------------------------------|--------------|-----------|
| | 1994 | 1993 |
| Accelerated depreciation and amortization | \$ 85,870 | \$ 71,516 |
| Commitments and contingencies | (2,470) | |
| Refundable property taxes | | (2,900) |
| Other temporary differences, net | (1,892) | (1,027) |
| Total | 81,508 | 67,589 |
| State net operating loss carryforwards | (8,949) | (7,516) |
| Valuation allowance for state deferred tax assets | 2,662 | 1,732 |
| Net deferred tax liability | \$ 75,221 | \$ 61,805 |

Scripps Cable's state net operating loss carryforwards expire from 2000 through 2019. In 1992 the state of Tennessee extended the loss carryforward period to 15 years and management reduced its estimate of the valuation allowance increasing net income \$3,600,000.

The provision (credit) for income taxes is as follows:

(in thousands)

| | For the years ended December 31, | | |
|-------------------------------------|-------------------------------------|-----------|-----------|
| | 1994 | 1993 | 1992 |
| Current: | | | |
| Federal | \$ (10,290) | \$ 11,905 | \$ 18,431 |
| State and local | 357 | 234 | 954 |
| Total current | (9,933) | 12,139 | 19,385 |
| Deferred: | | | |
| Federal | (2,482) | (4,141) | (744) |
| State and local | 1,825 | 275 | (3,769) |
| Total deferred | (657) | (3,866) | (4,513) |
| Total income tax provision (credit) | \$ (10,590) | \$ 8,273 | \$ 14,872 |

The difference between the statutory rate for federal income tax and the effective income tax rate is as follows:

| | For the years ended December 31, | | |
|-----------------------------------------------------------|-------------------------------------|--------|---------|
| | 1994 | 1993 | 1992 |
| Statutory rate | (35.0)% | 35.0 % | 34.0 % |
| Effect of: | | | |
| State and local income taxes | 41.0 | 2.6 | (17.9) |
| Amortization not deductible for tax purposes | 30.3 | 17.8 | 44.5 |
| Increase in tax rate to 35% on deferred tax liabilities | | 10.5 | |
| Change in estimated tax basis and lives of certain assets | (336.3) | | 80.7 |
| Miscellaneous | (1.6) | (2.2) | 1.5 |
| Effective income tax rate | (301.6)% | 63.7 % | 142.8 % |

4. ADVANCES FROM PARENT COMPANY

Advances from parent company consisted of the following at December 31:

(in thousands)

| | December 31, | |
|----------------------------------------|--------------|------------|
| | 1994 | 1993 |
| 9.5% note, due to Scripps through 2017 | \$ 127,019 | \$ 128,504 |
| 11% note, due to Scripps through 2017 | 66,806 | 67,423 |
| Variable rate borrowings from SHI | 142,507 | 129,052 |
| Total advances | \$ 336,332 | \$ 324,979 |

Scripps Cable has a variable rate borrowing agreement with SHI. Interest on the borrowings is charged at 1% over the prime interest rate. SHI also manages Scripps Cable's daily flow of cash (see Note 7). Net cash deficiencies are included in variable rate borrowings. Interest on cash deficiencies is charged at SHI's short-term borrowing rate.

Scheduled maturities of the 9.5% and 11% notes are as follows: 1995, \$2,319,000; 1996, \$2,558,000; 1997, \$2,822,000; 1998, \$3,114,000; 1999, \$3,436,000; and later years, \$179,576,000. All advances are classified as non-current as such amounts can be refinanced on a long-term basis.

5.EMPLOYEE BENEFIT PLANS

SHI sponsors a defined benefit plan covering substantially all employees of Scripps Cable. Benefits are generally based on the employees' compensation and years of service. Funding is based on the requirements of the plan and applicable federal laws.

SHI also sponsors a defined contribution plan covering substantially all employees of Scripps Cable. Scripps Cable matches a portion of employees' voluntary contributions to the plan.

Retirement plans expense allocated to Scripps Cable consisted of the following:

(in thousands)

| | 1994 | For the years ended December 31, 1993 | 1992 |
|--------------------------------|----------|---------------------------------------------|----------|
| Service cost | \$ 684 | \$ 615 | \$ 450 |
| Interest cost | 321 | 284 | 240 |
| Actual return on plan assets | (20) | 67 | 30 |
| Net amortization and deferral | 58 | (43) | 80 |
| Defined benefit plan | 1,043 | 923 | 800 |
| Defined contribution plan | 429 | 373 | 346 |
| Total retirement plans expense | \$ 1,472 | \$ 1,296 | \$ 1,146 |

Assumptions used in the accounting for the defined benefit plan were as follows:

| | 1994 | For the years ended December 31, 1993 | 1992 |
|--------------------------------------------------|------|---------------------------------------------|------|
| Discount rate as of December 31 | 8.5% | 7.0% | 8.0% |
| Expected long-term rate of return on plan assets | 9.5% | 8.0% | 9.0% |
| Rate of increase in compensation levels | 5.0% | 3.5% | 4.5% |

Scripps Cable's allocation of the funded status of the defined benefit plan at December 31 was as follows:

(in thousands)

| | 1994 | For the years ended December 31, 1993 | 1992 |
|-----------------------------------------------|----------|---------------------------------------------|----------|
| Actuarial present value of projected benefits | \$ 4,462 | \$ 4,631 | \$ 3,579 |
| Plan assets at fair value | 2,411 | 851 | 891 |
| Projected benefits in excess of plan assets | \$ 2,051 | \$ 3,780 | \$ 2,688 |

Plan assets primarily consist of marketable equity and fixed-income securities.

6.COMMITMENTS AND CONTINGENCIES

In 1994 Scripps Cable accrued \$6,500,000 as an estimate of the ultimate costs of certain lawsuits. Scripps Cable is also involved in other litigation arising in the ordinary course of business, none of which is expected to result in material loss.

In 1994 customers of the Sacramento cable television system were awarded special rebates in connection with litigation concerning the system's pricing in the late 1980s. The rebates and related legal fees totaled \$2,993,000.

Minimum payments on non-cancelable leases at December 31, 1994 were as follows: 1995, \$415,000; 1996, \$214,000; 1997, \$195,000; 1998, \$170,000; 1999, \$134,000; and later years, \$710,000.

Rental expense for cancelable and non-cancelable leases was as follows: 1994, \$3,790,000; 1993, \$4,270,000; and 1992, \$4,000,000.

7.PARENT COMPANY RELATIONSHIP

Scripps Cable participates in SHI's controlled disbursement system, where the bank sends daily notification of checks presented for payment. SHI transfers funds from other sources to cover checks presented for payment. This program generally results in book overdrafts as a result of checks outstanding. These book overdrafts have been classified as Accounts Payable in the Combined Balance Sheets.

SHI also manages Scripps Cable's daily flow of cash. Cash excesses or deficiencies earn or incur interest at appropriate short-term market rates. Cash deficiencies are classified as Advances From Parent Company in the accompanying Combined Balance Sheets (see Note 4).

The balance of advances, including cash deficiencies, at December 31, 1994 and 1993 was \$336,332,000 and \$324,979,000. Interest charged on advances and cash deficiencies was \$33,447,000 in 1994, \$28,916,000 in 1993, and \$30,479,000 in 1992. Interest accrued on the advances at December 31 was \$1,618,000 in 1994 and \$1,635,000 in 1993.

The federal tax provision (credit) allocated to Scripps Cable was (\$12,772,000) in 1994, \$7,764,000 in 1993, and \$17,687,000 in 1992. The current federal income tax payable (receivable) at December 31 was (\$350,000) in 1994 and \$2,510,000 in 1993.

Scripps Cable also purchases certain materials and services from SHI. The prices charged are generally equal to prices that Scripps Cable would have been able to negotiate on its own. SHI also provides management services to all of its subsidiaries. Scripps Cable's share of the cost of such services was \$2,957,000 in 1994, \$2,293,000 in 1993, and \$2,252,000 in 1992.

8. PROPOSED TRANSACTION

In October 1995 Scripps reached a definitive agreement that will result in Scripps Cable being owned by Comcast Corporation ("Comcast") through a tax-free transaction. In the transaction Scripps will transfer to its shareholders ownership of its non-cable operations in a separate entity ("New Scripps"). Following the transaction each Scripps shareholder will receive one share in New Scripps and shares of Comcast in exchange for each share of Scripps owned prior to the transaction. The number of Comcast shares received by Scripps shareholders will depend upon the market price of Comcast shares during a specified period shortly prior to closing.

The transaction is expected to close in 1996 and is conditioned upon, among other things, approval by Scripps and Comcast shareholders. Controlling shareholders in Scripps and Comcast have agreed to vote in favor of the transaction.

Certain liabilities included in these combined financial statements will not be assumed by Comcast. At September 30, 1995 those liabilities totaled approximately \$331,400,000.

THE E.W. SCRIPPS COMPANY

NOTES TO PRO FORMA FINANCIAL INFORMATION

On October 28, 1995 The E.W. Scripps Company ("Scripps") and Comcast Corporation ("Comcast") reached an agreement pursuant to which Scripps will contribute all of its non-cable television assets to Scripps Howard, Inc. ("SHI" - a wholly-owned subsidiary of Scripps and the direct or indirect parent of all of Scripps' operations) and SHI's cable television system subsidiaries ("Scripps Cable") will be transferred to and held directly by Scripps. Scripps Cable will then be acquired by Comcast through a tax-free merger (the "Merger") with Scripps. The remaining SHI business will continue as "New Scripps", which will be distributed in a tax-free "spin-off" to Scripps shareholders (the "Spin-Off") and thereafter renamed The E.W. Scripps Company. As a condition of the Merger Scripps has agreed to retire or defease its \$61 million aggregate principal amount 7.375% notes due in 1998 ("Defeasance"). The Merger, Spin-off and Defeasance are collectively referred to as the "Transactions." Upon completion of the Transactions the separate existence of Scripps will cease. The accompanying unaudited pro forma balance sheet and statements of income of Scripps assume completion of the Transactions.

The pro forma balance sheet as of September 30, 1995 assumes the Transactions occurred as of that date. The pro forma statements of income assume the Transactions were completed at the beginning of those periods. Pro forma adjustments primarily represent liabilities which will not be assumed by Comcast, management fees and other items charged to Scripps Cable that will not be charged to Comcast, and defeasance of Scripps' 7.375% notes due in 1998. Earnings per share is based on the weighted average shares outstanding for each period.

The pro forma financial information is not necessarily indicative of the results which actually would have occurred had the Transactions been completed as of the dates indicated or which may occur in the future.

Explanation of specific pro forma adjustments are as follows:

- (A) Assets not purchased by Comcast. Liabilities of Scripps Cable not assumed by Comcast.
- (B) Intercompany interest, management fees and other items that will not be charged to Comcast.
- (C) Tax effect of pro forma adjustments.
- (D) Effect of the Transactions, net of estimated expenses of \$8.0 million, on Stockholders' Equity.
- (E) Defeasance of 7.375% notes and related reduction in interest expense.
- (F) Cash and short-term investments used to defease 7.375% notes and related reduction in investment income. Also incurrence of additional short-term debt to defease the notes and interest on the short-term debt at appropriate short-term rates.
- (G) Miscellaneous adjustments and entries to conform classification of Scripps and Scripps Cable reported amounts.
- (H) Reduction of minority interest in cable television systems owned by Scripps Howard Broadcasting Company ("SHB"). SHB was 86% owned by Scripps prior to September 1994.
